CDC developed the Clinician Call Center as a resource available to healthcare personnel working to prevent, detect, and respond to COVID-19. The Clinician Call Center is a hotline with CDC clinicians standing by to answer questions about COVID-19.

To access the Clinician Call Center
Call the main CDC information line at 800-CDC-INFO (800-232-4636) and, an agent will then route you to this service.

Who is it for?
The Clinician Call Center is available to provide support to healthcare personnel in a variety of settings, including:

• Clinics, hospitals, and other healthcare facilities
• Health departments
• Community organizations
• Long-term care facilities
• Laboratories
• Correctional facilities
• Occupational health clinics

What support is available?
Clinicians are available daily to discuss a wide range of COVID-19 topics, including:

• Clinical diagnosis, testing, and management
• Worker safety
• Infection prevention and control
• Home isolation and return-to-work
• Personal Protective Equipment (PPE)
• Pregnancy and breastfeeding
• Vulnerable populations
• Contact tracing and epidemiology
• Postmortem care
