Public reporting of this collection of information is estimated to average 45 minutes per response, including the time for reviewing instructions and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a current valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to CDC/ATSDR Reports Clearance Officer, 1600 Clifton Road NE, MS D-74, Atlanta, Georgia 30333; ATTN: PRA (0920-1198)

**Begin Interview:**

**Hello, my name is [state interviewer name]. I am from [INTERVIEWER HEALTH DEPARTMENT]. We are contacting you because of your (your child’s) recent infection with *Cyclospora*, which is a parasite that causes intestinal illness. We are trying to determine how people become infected with *Cyclospora* so we can prevent others from getting sick.**

**You may have already been contacted by someone at the health department, but I would like to ask you questions in a standard way about your (your child’s) illness, and about any travel you may have had or foods you may have eaten before becoming ill. The interview could take between 25-45 minutes. Your help in the investigation is very important. Your participation is voluntary, and you may refuse to answer any question at any time. All information you give will be kept confidential to the extent permitted by law. No individual names or other identifying information will be used in any official reports about the results of the investigation.**

**Are you willing to participate in this investigation?**

**If yes: The questions relate to the 14-day period before you (your child) became ill. Therefore, it may help to have a calendar, recent restaurant and grocery store receipts, or credit card statements nearby. Do you need a few moments to get this information? [Then proceed to start of interview]**

18b. If yes/maybe, please provide information about the other ill person(s), including number of ill persons and relationship to you (e.g., son, mother, neighbor, friend, etc.). **\*Please include the STATE ID of the ill contact(s), if available/applicable. Do not enter names or other personally identifiable information.**

**Section 4: Sources of produce at home**

**Now I have some questions about where the fresh produce came from that you ate at home during the 14 days before your illness began. This isn't necessarily where you shopped during that 14-day period, but where what you actually ate during that time came from. I'm going to list several types of stores; for each type, please tell me the names of each store from which you would have eaten food from during the 14 days before you became sick. Please refer to your grocery store receipts, grocery order invoices, or credit card statements to provide a more detailed description.**

19. Did you (your child) eat fresh produce from: grocery stores or supermarkets, warehouse stores, small markets (such as gas stations), ethnic specialty markets, health food stores, co-ops, farmer's markets or food directly from a farm, home delivery grocery services (e.g., CSA, Amazon Fresh, Instacart), meal delivery services (e.g., Blue Apron, Meals on Wheels), or any other sources?

Store name	Address	City	State	Zip Code	Date shopped (MM/DD/YYYY) or range	Foods purchased	*Shopper card #

\*Many stores use a customer's phone number as their shopper card number. If your phone number is your shopper card number, may we use your phone number to look up purchase histories at the stores you've listed?  
 Yes  No

\*By giving your shopper card number, you are permitting retrieval of information regarding your purchases. This information may be shared with other public health officials to help with outbreak investigations.  
 Refused to give shopper card # or permission to use phone number to look up purchase history.
