- Public Health-Dayton & Montgomery County
- Lorain County General Health District
- Richland Public Health
- Summit County Public Health

TYPES OF PARTNERS (NO.)

- Community-based organization (42)
- Nonprofit organization (11)
- Other state agencies (11)
- Coalition/collaborative (9)
- University/academic institution (7)
- Health system/healthcare provider (6)
- Other local government entity (6)
- Private business (4)

TARGETED COMMUNITY*	PRIORITY POPULATION**	SELECTION CRITERIA
Athens, Lorain, Montgomery, Richland, Summit, and Washington counties 	Low-income (poverty level of 18% or higher) and Hispanic and African American populations 	<ul style="list-style-type: none"> ▪ Community capacity/ infrastructure ▪ Disease burden ▪ Established partnerships ▪ Prior experience with priority population ▪ Sociodemographics

FOCUS ON HEALTH FOR ALL: DUAL APPROACH AND MUTUALLY REINFORCING STRATEGIES

The SLPHA-1422 program aims to reduce health disparities by supporting states, large cities, and local communities working together to implement the Dual Approach using a set of comprehensive environmental, health system, and community-clinical linkage strategies. These strategies aim to reach both the general population at the state or large-city level and priority populations across the state or large city, and within targeted communities. The implementation of each approach supports the other in a mutually reinforcing way that strengthens their combined impact. The graphic below depicts examples of the Dual Approach and mutually reinforcing strategies with three strategies selected by the awardee.
