

All Women Count! (AWC!) Percent of South Dakota Women Eligible for All Women Count! Program, 2013

Percent of Eligible Women by County

The percent of SD women eligible for AWC! funded breast cancer screening services is the number of women in the specified county who meet the eligibility criteria (ages 50-64, <= 200% federal poverty level and uninsured), divided by the number of all women aged 50-64 in the specified county, multiplied by 100.
