

# Make an Eagle Book Character with Easel Stand

**1. Print** the Easel Stand and the Character.

Use heavy card stock, or glue the prints to cardboard.

**4. Position** the Glue Panel at the center of the back of the Character.

Line up the bottom edge of the Glue Panel with the bottom edge of the Character.

**2. Cut** out the Easel Stand along the *solid blue* line.

*Option –*  
To Make a Cut-out Character, cut away the white border from around the Character.

**5. Attach** the Glue Panel to the back of the Character with glue or tape.

**3. Fold** the Easel Stand along the *dotted red* line to create the Glue Panel.

*Please Note:*

The size of the Character is limited only by the size of the printer.

To print a larger Character from this file, contact a printing or copying company.
