

A person wearing a tan CDC vest is walking away from the camera in a grassy field. In the background, there is a large, faint blue globe logo with a white location pin icon inside it.

# YOU CAN BE A PUBLIC HEALTH HERO

## APPLY TO CDC'S EPIDEMIC INTELLIGENCE SERVICE (EIS)

---

*"EIS is the world's best introduction to  
interventional epidemiology:  
finding problems fast, and stopping them."*

— Tom Frieden, MD, MPH, Former CDC Director

---

- EIS is for people like you — who share a passion to serve and make a difference
- You can improve the lives of thousands and effect change in a community or entire country
- Choose EIS as your gateway to an exciting and rewarding career

To learn more about EIS, a 2-year fellowship, visit
