**Interested candidates MUST attend the career fair AND complete the on-line process to receive consideration for employment.** Failure to complete both requirements will result in interested candidates being disqualified for employment consideration

**Job Summary:**

The Centers for Disease Control and Prevention (CDC) is the agency Americans trust with their lives. As a global leader in public health, CDC is the nation's premier health promotion, prevention, and preparedness agency. Whether we are protecting the American people from public health threats, researching emerging diseases, or mobilizing public health programs with our domestic and international partners, we rely on our employees to make a real difference in the health and well-being of people here and around the world.

This position is located in the Coordinating Office for Terrorism Preparedness and Emergency Response (COTPER). COTPER has primary oversight and responsibility for all programs that comprise CDC's terrorism preparedness and emergency response portfolio. COTPER helps the nation prepare for and respond to urgent threats to the public's health through an all-hazards approach to preparedness focusing on threats from natural, biological, chemical, nuclear, and radiological events.

**Key Requirements:**

To receive consideration, candidates must:

- \* attend the career fair on November 6, 2007
- \* be a U.S. citizen
- \* meet the minimum qualifications as stated in this announcement
- \* pass a security clearance and meet suitability requirements, if selected.

**Position Information:**

This position is being filled under the Federal Career Intern Program (FCIP).

FCIP is a 2-year training program designed to prepare you for a career with CDC.

**Major Duties:**

As an intern, you will participate in developmental assignments designed to train you for successful performance at the target GS-12 grade level. At the GS-09 grade level, you will:

- Develop and maintain working relationships with Select Agent program managers of other government agencies and other appropriate public or private agencies concerning issues associated with the registration, use, storage and transfer of select agents and toxins.

**Qualifications and Evaluations:**

You must meet the minimum qualifications within 60 days of this career fair to qualify for this position and receive consideration. The minimum qualifications include one of the following:

- One year of specialized experience equivalent to the GS-07 grade level in the Federal service. Specialized experience is experience which has equipped you with the particular knowledge, skills, abilities, and competencies to successfully perform the duties of the position (i.e., experience in evaluating and analyzing data related to public health programs); OR
- Master's or equivalent graduate degree; OR
- 2 full years of progressively higher level graduate education leading to a master's or equivalent degree; OR
- LL.B. or J.D., if related; OR
- A *combination* of qualifying education and experience as noted above.

**How You Will Be Evaluated:**

Your experience, education, and responses to the assessment and core questions will be evaluated against the requirements of the position. Misrepresentation of your experience may result in your being removed from consideration. Veterans' preference will be applied.

For more information on the application of veterans' preference, refer to [http://www.cdc.gov/employment/pdf/FCIP\\_Veterans\\_Preference\\_Abbreviated.pdf](http://www.cdc.gov/employment/pdf/FCIP_Veterans_Preference_Abbreviated.pdf).

**How to Apply:**

The on-line process is a **two-step process**. You must complete both steps to be considered for this position:

1. Attend the career fair. You must attend the career fair to be considered for this position.
  - While at the career fair, submit your resume or C.V.
  - If you do not have a resume or C.V. available, complete the Applicant Information Sheet and submit to the CDC representative prior to leaving the event.
