- Dana Cole
- Mike Hoekstra
- Kristin Holt
- Joanna Zablotzky Kufel

9:55 – 10:10

Break

10:10 – 11:05

**Estimating Foodborne Illness Source Attribution for Illnesses Caused by *Salmonella*,
Escherichia coli O157 (*E. coli* O157), *Listeria monocytogenes* (*Lm*), and *Campylobacter*: Part 1**

Joanna Zablotzky Kufel, PhD, MPH (FSIS)

- Overview of Project Approach

Dana Cole, PhD, DVM (CDC)

- Exploratory Analyses

Question and Answer Period

• **IFSAC TWG Responding to Questions:**

- Mike Batz
- Michael Bazaco
- Dana Cole
- Mike Hoekstra
- Joanna Zablotzky Kufel
- Neal Golden

11:05 – 12:05 Estimating Foodborne Illness Source Attribution for Illnesses Caused by *Salmonella*, *E. coli* O157, *Lm*, and *Campylobacter*: Part 2

Dana Cole, PhD, DVM (Centers for Disease Control and Prevention (CDC))

- Methods and Model Results

Michael Bazaco, PhD, MS (FDA)

- Assumptions, Strengths, Limitations, and Conclusions

Question and Answer Period

- **IFSAC TWG Responding to Questions:**

- Mike Batz
- Michael Bazaco
- Dana Cole
- Mike Hoekstra
- Joanna Zablotzky Kufel
- Neal Golden

12:05 – 1:05 Lunch

1:05 – 2:05 Use and Application of Attribution Estimates by U.S. Federal Regulatory Agencies

Christopher Alvares, MS, BA (FSIS)

Sherri McGarry, MS (FDA)

IFSAC Strategic Vision and Directions for Future

Patricia Griffin, MD (CDC)

Question and Answer Period

- **IFSAC SC Responding to Questions:**

- Chris Alvares
- David Goldman
- Christopher Braden
- Patty Griffin
- Sherri McGarry

2:05 – 2:20 Break
