and Prevention (CDC)

DEPARTMENT OF HEALTH & HUMAN SERVICES

This funding announcement is not a request for applications. This is a public notice of the Centers for Disease Control and Prevention's intention to fund the following project activities without full and open competition

ABSTRACT

Funding Opportunity Number	PS10-1051
Title of Announcement	Support to the South African National Blood Service to Enhance and Continue Safe Blood Practices in the Republic of South Africa under the President's Emergency Plan for AIDS Relief
Grantee Name and Contact Information	South African National Blood Service 1 Constantia Boulevard Constantia Kloof, Extension 22 Weltevreden Park Johannesburg 1715 Fax: +27 11 761-9000
Approximate Total Project Period Funding	\$10,000,000
Approximate Current Fiscal Year Funding	\$1,000,000
Award Ceiling	None
Award Floor	None
New Award or Continuation	New Award
Project Period Length	Five Years
Budget Period Length	12 months
Award Mechanism	U2G – Global HIV/AIDS Non-Research Cooperative Agreements
Statutory Authority	This program is authorized under Public Law 108-25 (the United States Leadership Against HIV/AIDS, Tuberculosis and Malaria Act of 2003) [22 U.S.C. 7601, <i>et seq.</i>], and Public Law 110-293 (the Tom Lantos and Henry J. Hyde United States Global Leadership Against HIV/AIDS, Tuberculosis, and Malaria Reauthorization Act of 2008).
CFDA # and Title	93.067 – Global AIDS
Purpose of the Award	The purpose of this award is to support the South African National Blood Service (SANBS) to strengthen its infrastructure in order to prevent new HIV transfusion-transmitted infections and to build the capacity of the

	organization to deliver a better quality of service to patients.
Single Source Justification Criteria Cited	<p>The National Health Act of 2004 of South Africa states that only one license is issued for the practice of blood transfusion in the country. South African National Blood Service (SANBS) is the current license holder and is authorized to operate in eight of the nine provinces in South Africa and is responsible for the delivery of the transfusion service to 87% of the patients of the country, while the Western Province Blood Transfusion Service (WPBTS) is licensed to operate in the Western Cape Province.</p> <p>Thus, by legislative authority, SANBS is the only organization which may collect blood or blood products for the purpose of medical transfusion or related services. Indeed, it is illegal under South African law for any other organization to directly provide the aforementioned services.</p>
