Approximate Total Project Period Funding	\$30,000,000
Approximate Current Fiscal Year Funding	\$5,000,000
Award Ceiling	\$5,000,000
Award Floor	\$5,000,000
New Award or Continuation	New Award
Project Period Length	5 years
Budget Period Length	12 months
Award Mechanism	U2G – Global HIV/AIDS Non-Research Cooperative Agreements
Statutory Authority	This program is authorized under Public Law 108-25 (the United States Leadership Against HIV/AIDS, Tuberculosis and Malaria Act of 2003) [22 U.S.C. 7601, <i>et seq.</i>], and Public Law 110-293 (the Tom Lantos and Henry J. Hyde United States Global Leadership Against HIV/AIDS, Tuberculosis, and Malaria Reauthorization Act of 2008).

CFDA # and Title	93.067 – Global AIDS
Purpose of the Award	The purpose of this program is to support the Federal Ministry of Health (FMoH) to improve the quality of and access to HIV and HIV-related health services by successfully implementing the National Strategic Health Development Plan. Moreover, this award specifically seeks to assist the FMoH in its leadership in and implementation of related initiatives to decentralize and integrate HIV-related health services with other priority health interventions at the Primary Health Care level. This goal of improving HIV service provision through broader engagement of the overall health sector is supported generally in the principles of the Global Health Initiative and PEPFAR II authorizing legislation and is also a central focus of Nigeria’s NSFII and the recently signed Partnership Framework between the GoN and USG.
Single Source Justification Criteria Cited	Under PEPFAR legislation, HHS/CDC is authorized to transition leadership of programs and services to local ownership, with the ultimate aim of full transition of all appropriate activities to the Ministries of Health and other governmental entities that have the jurisdictional authority to directly finance and perform these programs and services. The Single Eligibility Justification is the aforementioned mandate under PEPFAR legislation and the jurisdictional authority of the Ministry of Health and other government entities to ensure sustainable and country-owned programs.
