Funding Opportunity Announcement CDC-RFA-GH16-1642

Improving the Quality of HIV Service Delivery and Other Priority Public Health Interventions through Training Support for Epidemiology, Monitoring and Evaluation (M&E), Survey and Laboratory Services in Nigeria under the President’s Emergency Plan for AIDS Relief (PEPFAR)

	Question	Response
1.	Can you let us know which agency currently has this scope of work? And/or who was responsible for the previous project that built national human resource capacity in field epidemiology in Nigeria?	CDC is unable to release the names of previous/current partners. Previous and current partners are not relevant to this fully competitive announcement. Please refer to pages 7 and 11 of the FOA for information on relevant work collaborations that are pertinent to this award.
2.	Can you please confirm that U.S.-based organizations – that is, organizations that are not indigenous Nigerian organizations – are eligible to submit an application for this RFA?	CDC-RFA-GH16-1642 is an open competition FOA and U.S. based organizations are eligible to apply as detailed on pages 17 and 18 of the FOA.
