

Presentations and Abstracts

TITLE	PRESENTING AUTHOR <i>Organization/HQ/Country Email Address</i>	DATE	LOCATION	TYPE	ABSTRACT NUMBER
Healthcare worker interactions with TB patients during clinical care: findings from two high burden countries, 2014	Michele Pearson CDC/DGHT HQ mxp8@cdc.gov	October 25 10:37-10:44	South America 70		A-0996-0021-02865
Results of a 2-year pilot project on health care worker tuberculosis surveillance in Nigeria; April 2016 - March 2018	Bethrand Odume CDC/DGHT Nigeria wmd9@cdc.gov	October 25 11:12-11:19	South America 70		A-0996-0021-00416
Assessing the tuberculosis preventive therapy cascade for people living with HIV in Namibia and identifying challenges associated with its implementation	James Roscoe CDC/DGHT Namibia mgi1@cdc.gov	October 25 12:15-12:20	South America 70		N/A
Gaps in the intensified case finding and isoniazid preventive therapy cascade among PLHIV in Lesotho	Andrea Howard ICAP aah2138@columbia.edu	October 25 12:20-12:25	South America 70		A-0996-0011-02600
High uptake of IPT with integration of TB-HIV services in RMNCH settings in Manzini region, Swaziland	Andrea Howard ICAP aah2138@columbia.edu	October 25 12:30-12:35	South America 70		A-0996-0011-02809
Tuberculosis incidence among health care workers undergoing routine screening, Dire Dawa, Ethiopia	Beniam Feleke CDC/DGHT Ethiopia hmz8@cdc.gov	October 25 12:35-12:40	Central America 70		A-0996-0020-01451
Taking TB preventive therapy implementation to a national scale: the Nigeria PEPFAR programme experience	Bethrand Odume CDC/DGHT Nigeria wmd9@cdc.gov	October 25 12:50-12:55	South America 70		A-0996-0011-00194
Barriers and solutions to TB and HIV care: lessons from current and past Mozambican mineworkers	Elizabeth Long CDC/DGHT HQ odw4@cdc.gov	October 25 12:50-12:55	Poster Area		A-0996-0022-01445
Innovative approaches to identifying migrant mineworkers with TB: experience from a pilot program	Laura Tomm-Bonds International Organization for Migration	October 25 13:05-13:10	Poster Area		A-0996-0022-02331
Substance use trends among people with tuberculosis, United States, 2007-2016	Scott Nabity CDC/DGHT HQ hjq5@cdc.gov	October 25 13:25-13:30	Poster Area		A-0996-0020-02183
Mineworkers on the move: implications for TB control in Zambia	David Mwakazanga Tropical Disease Research Centre	October 25 13:35-13:40	Poster Area		A-0996-0022-01812
Data-driven approaches to optimising the Xpert network in Uganda	Deua Lukoye CDC/DGHT Uganda hny8@cdc.gov	October 25 14:30-14:45	Antarctica 70		N/A
Yield of repeated tuberculosis screening among HIV patients: implications for tuberculosis preventive therapy	Tefera Agizew CDC/DGHT Botswana hoa6@cdc.gov	October 25 16:56-17:03	Oceania 70		A-0996-0013-02394
Estimating tuberculosis burden among newly displaced populations	Cuc Tran CDC/DGHT HQ ywj0@cdc.gov	October 26 11:15-11:30	Everest 1&2		N/A

Co-creating an evaluation framework for tuberculosis extension for community health outcomes (TB-ECHO) model in New Delhi, India	Patrick Moonan CDC/DGHT HQ bng3@cdc.gov	October 26 12:15-12:20	Central America 70		A-0996-0019-01579
Missed opportunity for HIV testing among TB clinic attendees in Malawi: results from the Malawi population-based HIV impact assessment, 2015	Sasi Jonnalagadda CDC/DGHT HQ wau4@cdc.gov	October 26 12:45-12:49	Poster Area		A-0996-0011-00944
High prevalence, incidence and mortality of tuberculosis among people with advanced HIV disease, Viet Nam, 2015-2017	Van-Anh Ho CDC/DGHT Vietnam hny8@cdc.gov	October 26 13:01-13:05	Poster Area		A-0996-0011-01380
Geospatial mapping of current and former mineworkers in a high incidence TB setting: Zambia	Jonathan Smith CDC/DGHT HQ off7@cdc.gov	October 26 13:10-13:15	Poster Area		N/A
Tuberculosis health services for mineworkers in Zambia: policies vs. practices	Mathias Tembo Tropical Disease Research Centre	October 26 13:15-13:20	Poster Area		A-0996-0022-01798
Early-phase implementation success of isoniazid preventive therapy for people living with HIV, Malawi, 2017	Laurence Gunde CDC/DGHT Malawi nxc7@cdc.gov	October 26 15:17-15:28	Central America 70		A-0996-0011-00736
Geospatial characterization of extensively drug-resistant tuberculosis transmission areas using varying location types in Durban, South Africa	Meaghan Peterson Emory University mpeterson453@gmail.com	October 27 10:30-10:37	Europe 110		A-0996-0020-01481
Tuberculosis among older adults in Kenya: implications for an aging population	Abraham Katana CDC/DGHT HQ wvf0@cdc.gov	October 27 10:37-10:44	Kilimanjaro 1&2		A-0996-0022-02555
Fear of job loss as a barrier to TB care among mine workers in Zambia: impact of TB-related policies	Laura Podewils CDC/DGHT HQ lpp8@cdc.gov	October 27 11:19-11:26	Kilimanjaro 1&2		A-0996-0022-01793
Spatial analysis of the common risk of HIV and tuberculosis incidence in Kenya	Thomas Achia CDC/DGHT Kenya yrb2@cdc.gov	October 27 13:10-13:15	Poster Area		A-0996-0011-01685
Household contact tracing for families of Mozambican mineworkers	Linda Manjate International Organization for Migration	October 27 14:40-14:50	South America 70		A-0996-0022-02361
Monitoring healthcare workers for tuberculosis using routine screening, Ethiopia	Beniam Feleke CDC/DGHT Ethiopia hzm8@cdc.gov	October 27 14:45-15:00	Yangtze 1 (180)		A-0996-0021-01888

 Poster Session  e-Poster Session  Oral Session

Sessions

TITLE	PRESENTING AUTHOR <i>Organization/HQ/Country Email Address</i>	DATE	LOCATION	TYPE
Core Group Meeting of the End TB Transmission working group of the Stop TB Partnership	Paul Jensen CDC/DGHT HQ pej4@cdc.gov	October 21	N/A	Core Group Meeting
Key components of an effective and sustainable tuberculosis infection control programme	Paul Jensen CDC/DGHT HQ pej4@cdc.gov	October 24 14:30-17:30	Oceania	Post-Graduate Course
Union TB Infection Prevention and Control Meeting	Paul Jensen CDC/DGHT HQ pej4@cdc.gov	October 24		Union Working Group Meeting
Update on clinical and programmatic management of multidrug- and extensively drug-resistant TB (MDR-/XDR-TB)	Christine Ho CDC/DGHT India gtb9@cdc.gov	October 24 8:00-14:00	Kilimanjaro 2	Post-Graduate Course
Treatment success rates for patients with tuberculosis receiving care in health facilities severely affected by Hurricane Matthew, Haiti, 2016	Macarthur Charles CDC/DGHT Haiti xzk9@cdc.gov	October 25 12:45-13:45		N/A
Data-driven approaches to optimising the Xpert network in Uganda	Deus Lukoye CDC/DGHT Uganda oju0@cdc.gov	October 25 14:30-14:45	Antarctica	Symposium
Vulnerable Populations: a place to find TB and TB/HIV	Susan Cookson CDC/DGHT HQ sgc0@cdc.gov	October 26 10:30-12:00	Everest 1&2	Symposium
The Union/CDC late-breaker session on TB	Christine Ho CDC/DGHT India gtb9@cdc.gov	October 26 16:00-17:30	Mississippi	Oral Abstract Session
An introduction to the new WHO guidelines on tuberculosis infection control: what is new?	Paul Jensen CDC/DGHT HQ pej4@cdc.gov	October 27 10:30-10:45	KWA Plenary Hall	Symposium
Implementation of TB infection control: approaches to monitoring and measuring programmatic success and impact	Michele Pearson CDC/DGHT HQ mxp8@cdc.gov	October 27 14:00-15:30	Yangtze 1	Symposium
