

Model Aquatic Health Code

Model Aquatic Health Code Annex

Reviewer Note on the MAHC Annex - Bibliography:

Bibliography

The Annex includes a bibliography of the reference materials and scientific studies that form the basis for recommendations.

Model Aquatic Health Code Bibliography

- 1.0 Preface
- 2.0 User Guide
- 3.0 Definitions
- 4.0 Design Standards and Construction
- 5.0 Operation and Maintenance
- 6.0 Policies and Management

6.1 Operator Training

6.1.1 Operator Qualifications

Buss, B.F., Safranek, T.J., Magri, J.M., Török, T.J., Beach, M.J., Foley, B.P. (2009). Association between swimming pool operator certification and reduced pool chemistry violations — Nebraska, 2005–2006. *Journal of Environmental Health* 71(8):36–40.)

Centers for Disease Control and Prevention. (2001). Prevalence of parasites in fecal material from chlorinated swimming pools — United States, 1999. *MMWR* 50(20):410–2.

Centers for Disease Control and Prevention. (2010). Violations Identified from Routine Swimming Pool Inspections – Selected States and Counties, United States, 2008. *MMWR* 59 (19):582-7.

Centers for Disease Control and Prevention. (2004). Surveillance data from public spa inspections — United States, May–September 2002. *MMWR* 53(25):553–5.

Centers for Disease Control and Prevention. (2006). Surveillance for waterborne disease and outbreaks associated with recreational water—United States, 2003-2004. *MMWR* 55(SS-12):513-6.

- Centers for Disease Control and Prevention. (2009). Pool chemical–associated health events in public and residential settings — United States, 1983-2007. *MMWR* 58(18):489-93.
- Gerba, C.P. (2000). Assessment of enteric pathogen shedding by bathers during recreational activity and its impact on water quality. *Quant Microbiol* 2:55-68.
- Gipson, K. (May 2009). Pool and spa submersion: estimated injuries and reported fatalities, 2009 Report. *Consumer Product Safety Commission*.
- Johnston, K. & Kinziger, M. (2007). Certified operators: does certification provide significant results in real-world pool and spa chemistry? *International Journal of Aquatic Research and Education* 1(1):18–33.)
- Jones, T.F., Mcmillian M.B., Scallan E., Frenzen P.D., Cronquist A.B., Thomas S., & Angulo F.J. (2007). A population-based estimate of the substantial burden of diarrhoeal disease in the United States; FoodNet, 1996–2003. *Epidemiol Infect* 135:293–301.
- Sehulster L., Chinn, R.Y. (2003). Guidelines for environmental infection control in health-care facilities: recommendations of CDC and the healthcare infection control practices advisory committee (HICPAC). *MMWR* 2003;52 (No. RR-10).
- Shields, J.M., Arrowood, M.J., Hill, V.R., & Beach, M.J. (2009). The effect of cyanuric acid on the chlorine inactivation of *Cryptosporidium parvum*. *J Water Health* 2008;7(1):109-114.
- Shin, G. A. and Sobsey, M. D. (2003) Reduction of Norwalk Virus, Poliovirus 1, and Bacteriophage MS2 by Ozone Disinfection of Water. *Applied and Environmental Microbiology*, 69(7):3975-3978
- Yoder, J., Hlavsa, M., Craun, G.F., Hill, V., Roberts, V., Yu, P., Beach M.J.. (2008). Surveillance for waterborne disease and outbreaks associated with recreational water use and other aquatic facility-associated health

events — United States, 2005–2006. *MMWR Surveill Summ* 57:1-38.

- 6.2 Lifeguard Training
- 6.3 Facility Staffing
- 6.4 Facility Management
- 6.5 Fecal/Vomit/Blood Contamination Risk
- 6.6 Inspections
