

TOOLS FOR SCHOOLS

ACTIVITY OBJECTIVE(S): After this activity, participants will be able to

1. List examples of school health tools.
2. Describe what these school health tools can be used for.

TOTAL ESTIMATED TIME: 15 min

MATERIALS:

- Tools for Schools PowerPoint notes pages
- Handouts of PowerPoint slides

PREPARATION:

- Make sure to use the PowerPoint file entitled **Tools for Schools** for this part of the training.
- Print PowerPoint slides (either three or six to a page), and make copies for participants.

<u>Slides</u>	<u>Time</u>	<u>Facilitator Script</u>	<u>Facilitator Notes</u>
Tools for Schools 1-12	15 min	<p><i>In the previous activity, each group developed an action plan and brainstormed the steps to complete the recommended actions. But what do you do if you need help implementing your actions?</i></p> <p><i>The Resources section located in the back of the SHI lists cross-cutting tools that school health teams can use to help implement their SHI action plans.</i></p> <p><i>I'd like to highlight just a few of these important resources. There are others like these in the Resources section of the SHI. A bigger and regularly updated list of school health and safety resources is available online at http://www.cdc.gov/HealthyYouth/publications, so this is meant to serve only as a sampling.</i></p>	<p> Open PowerPoint of Tools for Schools.</p> <p> Distribute handouts of PowerPoint presentation.</p> <p>Use PowerPoint notes pages provided in this section to assist in presentation.</p>
