Special Instructions

NOTE: THROUGHOUT THIS QUESTIONNAIRE, TEXT THAT APPEARS IN ALL CAPITAL LETTERS WILL NOT BE READ ALOUD TO RESPONDENTS.

THIS QUESTIONNAIRE WILL BE ADMINISTERED USING COMPUTER ASSISTED TELEPHONE INTERVIEW TECHNOLOGY. THE INTERVIEWER WILL READ THE QUESTIONS ALOUD AND TYPE RESPONSES TO THE QUESTIONS INTO THE COMPUTER. THE INTERVIEW PROGRAM WILL 1) DISPLAY THE CORRECT TENSE OF VERBS, 2) PROVIDE ALTERNATE ANSWERS TO QUESTIONS (E.G., NOT APPLICABLE, “I DON’T KNOW”), 3) NAVIGATE COMPLEX SKIP PATTERNS, AND 4) PERFORM OTHER USEFUL FUNCTIONS. COMMENTS APPEARING IN THE MARGIN REPRESENT ADDITIONAL CLARIFICATION ON THE QUESTION OR THE SPECIFIC TERMINOLOGY USED. THIS TEXT WILL APPEAR ON-SCREEN UNDER THE MAIN QUESTION TEXT. THE PROGRAMMING SPECIFICATIONS FOR THE INTERVIEW ARE NOT INCLUDED IN THIS PRINTED VERSION OF THE QUESTIONNAIRE.

1. This questionnaire focuses on your district’s policies and practices regarding nutrition services.

2. For the purposes of this questionnaire, “policy” means any law, rule, regulation, administrative order, or similar kind of mandate issued by the local school board or other local agency with authority over schools in your district. SHPPS is most interested in what is required by the district, not what is recommended or contained in non-binding guidance documents, unless the question specifically asks about recommendations.

3. For the purposes of this questionnaire, “adopted a policy” means either that the district has its own policy or that the district follows a policy established at the state level, including any law, rule, regulation, administrative order, or similar kind of mandate.

4. If a district policy is worded in such a way that it requires schools to develop and adopt their own policies on a given topic, for the purposes of this questionnaire please consider it the same as a district-wide requirement.

5. Districts may sometimes grant policy exceptions or waivers, but please answer each question based on what is considered the general policy and standard practice.

6. Please do not consider school practices or policies when answering the questions. This information is gathered during data collection from schools across the country.
Menu Planning and Food Ordering

The first set of questions ask about the menu planning and food ordering process in your district.

1. Does your district nutrition services program have primary responsibility for planning the menus for meals at any schools in your district?
   - Yes .................................................................1
   - No........................................................................2 → SKIP TO Q5

2. Which one of the following menu planning techniques does your district use to plan the menus for school meals?
   - Traditional Food-based Menu Planning ..............1
   - Enhanced Food-based Menu Planning .................2
   - Nutrient Standard Menu Planning or Assisted Nutrient Standard Menu Planning ...............3 → SKIP TO Q4
   - Some other approach .................................................4

3. Does your district typically or routinely use a computer to analyze the nutritional content of the school menus?
   - Yes .................................................................1
   - No........................................................................2 → SKIP TO Q5

4. When analyzing the nutritional content of foods served, is a weighted nutrient analysis used?
   - Yes .................................................................1
   - No........................................................................2

5. Does your district nutrition services program have primary responsibility for deciding which foods to order for any schools in your district?
   - Yes .................................................................1
   - No........................................................................2 → SKIP TO THE INTRODUCTION TO Q8

6. Does your district purchase foods from local or regional growers or producers?
   - Yes .................................................................1
   - No........................................................................2
7. Do your district’s food procurement contracts specifically address…

</tbody>
</table>

*Comment [Help2]: Food safety is the prevention of unintentional contamination of food that can cause illness.*

*Comment [Help3]: “A la carte foods” are items sold individually rather than as part of a complete meal.*

*Comment [Help4]: For the purposes of this question, “deep fried” means foods that have been par-fried, pre-fried, or flash fried and are baked on site, such as French fries or breaded chicken products.*
Food Preparation

The next questions ask about the food preparation process.

The first question asks about cooking food. Please think about the actual cooking of the food, not just the reheating of food that was previously prepared.

8. Does your district nutrition services program have primary responsibility for cooking foods for schools in your district, for example in a central kitchen?
   Yes .............................................................. 1
   No ...................................................................... 2
   \[\rightarrow\] SKIP TO THE INTRODUCTION TO Q14

The next questions ask about substituting one type of ingredient for another.

9. During the past 30 days, when preparing food for schools in your district, how often...

Comment [Help5]: For the purposes of this question, “low-fat” means 1% fat or less.

Comment [Help6]: For the purposes of this question, “low-fat” means 1% fat or less.
(Q9 continued)

j. Were other seasonings used instead of salt? ........................................ 1 ............ 2 ............ 3 ............ 4

k. Were low-fat or nonfat yogurt, mayonnaise, or sour cream used instead of regular mayonnaise, sour cream, or creamy salad dressings? ....................... 1 ............ 2 ............ 3 ............ 4

Comment [Help7]: For the purposes of this question, “low-fat” means 1% fat or less.

The next questions ask about reducing the amount of an ingredient rather than replacing it with another ingredient.

10. During the past 30 days, when preparing foods for schools in your district, how often was...

a. The amount of sugar called for in recipes reduced or were low-sugar recipes used? ........................................ 1 ............ 2 ............ 3 ............ 4

b. The amount of fats and oils called for in recipes reduced or were low-fat recipes used? ........................................ 1 ............ 2 ............ 3 ............ 4

c. The amount of salt called for in recipes reduced or were low-sodium recipes used? ........................................ 1 ............ 2 ............ 3 ............ 4
There are several ways to reduce fat when preparing meat and poultry. The next question asks about techniques that may have been used when preparing food for schools in your district.

11. During the past 30 days, how often was...

<table>

   a. Potatoes boiled, mashed, or baked, rather than fried or deep fried? | 1 | 2 | 3 | 4 |
   b. Other vegetables steamed or baked? | 1 | 2 | 3 | 4 |
   c. Vegetables prepared without using butter, margarine, or a cheese or creamy sauce? | 1 | 2 | 3 | 4 |

Comment [Help]: For the purposes of this question, “deep fried,” means foods that are deep fried on site as well as those that have been par-fried, pre-fried, or flash fried and are baked on site, such as French fries.
HACCP-based recipes are those that include critical control points, such as cooking, and associated critical limits, such as time and temperature, in their directions. They are designed to reduce the risk of food contamination and bacterial growth that could lead to foodborne illness. For example, HACCP-based recipe directions might read, “Cook the chicken to at least 165 degrees Fahrenheit for at least 15 seconds.”

13. During the past 30 days, how often did your district use Hazard Analysis and Critical Control Points (HACCP)-based recipes?

- Never.................................................................1
- Rarely..............................................................2
- Sometimes.......................................................3
- Almost always or always ....................................4
Collaboration and Promotion

The next question asks about district participation in farm to school activities. Farm to school activities connect schools and local farms, with the objectives of serving local and healthful foods in school cafeterias or classrooms while supporting small- and medium-sized local and regional farmers.

14. Does your district participate in any farm to school activities?
   Yes ...........................................................................1
   No .............................................................................2

The next questions ask about collaboration on nutrition services activities with other district-level staff and outside organizations.

15. During the past 12 months, have district-level nutrition services staff worked on school nutrition services activities with district-level…

<table>

</table>

*Comment [Help14]: Do not include compliance with your district’s wellness policy.*

*Comment [Help15]: District did not have professional development or in-service programs for nutrition services staff.*

*Comment [Help16]: Food safety is the prevention of unintentional contamination of food that can cause illness.*
District Wellness Policy

The Healthy, Hunger-Free Kids Act of 2010 requires school districts participating in federally subsidized child nutrition programs (e.g., National School Lunch Program or School Breakfast Program) to implement, review, and monitor a local wellness policy. The next questions ask about your district’s wellness policy.

22. Who is responsible for ensuring compliance with your district’s wellness policy?
   - No single individual is responsible ................. 1
   - Superintendent ........................................... 2
   - Assistant superintendent .............................. 3
   - Other district-level staff member ..................... 4
   - A school administrator .................................. 5
   - A school-level faculty or staff member ............. 6

23. What groups are involved in the review or revision of your district’s wellness policy?
   MARK ALL THAT APPLY
   - Students ..................................................... 1
   - Families .................................................... 2
   - Representatives of the school food authority ....... 3
   - School board members ................................. 4
   - School administrators ................................. 5
   - Community members .................................. 6
   - None of these ............................................. 7
   - District has not reviewed or revised wellness policy ........................................ 8

24. The last time the implementation of your district’s wellness policy was evaluated or assessed, did you make the results of the evaluation or assessment available to the public, for example by posting it on a Web site?
   - Yes .......................................................... 1
   - No ........................................................... 2
   - District has not evaluated or assessed the implementation of the wellness policy ........ 3
The next questions ask about staffing and professional development for nutrition services staff.

25. Based on policies adopted by your district, what is the minimum level of education required for a newly hired district food service director (school food authority director)?

- High school diploma or GED ........................................ 1
- Associate’s degree in nutrition or a related field .................................................. 2
- Undergraduate degree in nutrition or a related field .................................................. 3
- Graduate degree in nutrition or a related field .................................................. 4
- Specific education requirements are not described .................................................. 5

26. Based on policies adopted by your district, is a newly hired district food service director (school food authority director) required to have…

<table>
<thead>
<tr>
<th>Requirement</th>
<th>Yes</th>
<th>No</th>
</tr>
</thead>
<tbody>
<tr>
<td>a. A Registered Dietitian (RD) credential from the American Dietetic Association?</td>

<td>1</td>
<td>2</td>
</tr>
<tr>
<td>c. A School Nutrition Association certification? (Certification could include Level 1, Level 2, Level 3, or Trainer.)</td>
<td>1</td>
<td>2</td>
</tr>
<tr>
<td>d. Successfully completed a school nutrition services training program provided or sponsored by the state?</td>
<td>1</td>
<td>2</td>
</tr>
<tr>
<td>e. ServSafe or other food safety certification?</td>
<td>1</td>
<td>2</td>
</tr>
</tbody>
</table>

27. Has your district adopted a policy stating that a newly hired district food service director (school food authority director) will be certified, licensed, or endorsed by the state?

- Yes ........................................................................... 1
- No ............................................................................. 2
- State does not certify, license, or endorse district food service directors (school food authority directors) .......... 3
28. Has your district adopted a policy stating that each school will have someone to oversee or coordinate nutrition services at the school, such as a school food service manager?
   Yes ................................................................. 1
   No .................................................................... 2

29. Based on policies adopted by your district, what is the minimum level of education required for a newly hired school food service manager?
   High school diploma or GED ..................................... 1
   Associate’s degree in nutrition or a related field ..................... 2
   Undergraduate degree in nutrition or a related field .................... 3
   Graduate degree in nutrition or a related field ........................ 4
   Specific education requirements are not described ..................... 5

30. Based on policies adopted by your district, is a newly hired school food service manager required to have…

Nutrition Services and Child Nutrition Requirements and Recommendations

The next section asks about nutrition services and child nutrition requirements and recommendations.

33. Has your district adopted a policy stating that schools will offer breakfast to students?
   Yes, all schools ...........................................................1
   Yes, some categories of schools, such as those with a certain percentage of students eligible for free or reduced-price meals...........2
   No.................................................................3

34. Has your district adopted a policy stating that schools will encourage breakfast consumption by allowing students to eat in locations other than the cafeteria, such as the school bus or classroom?
   Yes .................................................................1
   No.................................................................2

35. Does your district require or recommend a minimum amount of time students will be given to eat breakfast once they are seated?
   Require.............................................................1
   Recommend ....................................................2
   Neither .........................................................3

36. Does your district require or recommend that schools offer students whole grain foods each day for breakfast?
   Require.............................................................1
   Recommend ....................................................2
   Neither .........................................................3

37. Has your district adopted a policy stating that schools will offer lunch to students?
   Yes .................................................................1
   No.................................................................2
38. Does your district require or recommend that schools offer students a choice between the following items **each day for lunch**?

<table>
<thead>
<tr>
<th>Require</th>
<th>Recommend</th>
<th>Neither</th>

Nutrition Services and Child Nutrition Requirements and Recommendations

44. Last summer, did your district sponsor the [USDA] Summer Food Service Program in any schools in your district?
   Yes ........................................................................... 1
   No ........................................................................... 2

The next question asks about the availability of junk foods in schools. Junk foods are foods or beverages that have low nutrient density, that is, they provide calories primarily through fats or added sugars and have minimal amounts of vitamins and minerals.

45. Does your district require or recommend that schools be prohibited from offering junk foods…

   Require  Recommend  Neither
   a. A la carte during breakfast or lunch periods? ........................................ 1 .............. 2 .............. 3
   b. At student parties? ......................................................... 1 .............. 2 .............. 3
   c. In after-school or extended day programs? .................. 1 .............. 2 .............. 3
   d. At staff meetings? ............................................................. 1 .............. 2 .............. 3
   e. At meetings attended by students’ family members? .................................................. 1 .............. 2 .............. 3
   f. In school stores, canteens, or snack bars? ............. 1 .............. 2 .............. 3
   g. In vending machines? ...................................................... 1 .............. 2 .............. 3
   h. At concession stands? ...................................................... 1 .............. 2 .............. 3

46. Does your district require or recommend that schools make fruits or vegetables available to students whenever other food is offered or sold, for example at student parties or in school stores?
   Require ................................................................. 1
   Recommend .......................................................... 2
   Neither ............................................................... 3

47. Does your district require or recommend that schools make whole grain foods available to students whenever other food is offered or sold, for example at student parties or in school stores?
   Require ................................................................. 1
   Recommend .......................................................... 2
   Neither ............................................................... 3
48. Does your district require or recommend that schools make healthful beverages such as plain water or \textit{low-fat} milk available to students whenever other beverages are offered or sold, for example at student parties or in school stores?

\begin{itemize}
\item Require ...........................................................................1
\item Recommend ......................................................................2
\item Neither ............................................................................3
\end{itemize}

Comment [Help27]: For the purposes of this question, “low-fat” means 1% fat or less.

49. Does your district require or recommend that schools restrict the availability of \textit{deep fried} foods?

\begin{itemize}
\item Require ...........................................................................1
\item Recommend ......................................................................2
\item Neither ............................................................................3
\end{itemize}

Comment [Help28]: For the purposes of this question, “deep fried,” means foods that are deep fried on site as well as those that have been par-fried, pre-fried, or flash fried and are baked on site, such as French fries or breaded chicken products.

50. Does your district require or recommend that schools restrict the times during the day that soda pop, sports drinks, or fruit drinks that are not 100\% juice can be sold in \textit{any venue}?

\begin{itemize}
\item Require ...........................................................................1
\item Recommend ......................................................................2
\item Neither ............................................................................3
\end{itemize}

Comment [Help29]: For the purposes of this question, “any venue” can mean the cafeteria, vending machines, the school store, snack bars, etc.

51. Does your district require or recommend that schools restrict the times during the day that \textit{junk foods} can be sold in \textit{any venue}?

\begin{itemize}
\item Require ...........................................................................1
\item Recommend ......................................................................2
\item Neither ............................................................................3
\end{itemize}

Comment [Help30]: Junk foods are foods or beverages that have low nutrient density, that is they provide calories primarily through fats or added sugars and have minimal amounts of vitamins and minerals.

Comment [Help31]: For the purposes of this question, “any venue” can mean the cafeteria, vending machines, the school store, snack bars, etc.

52. Does your district require or recommend that schools prohibit \textit{junk foods} from being sold for fundraising purposes?

\begin{itemize}
\item Require ...........................................................................1
\item Recommend ......................................................................2
\item Neither ............................................................................3
\end{itemize}

Comment [Help32]: Junk foods are foods or beverages that have low nutrient density, that is they provide calories primarily through fats or added sugars and have minimal amounts of vitamins and minerals.
53. Does your district require or recommend that schools prohibit brand-name fast foods, for example Pizza Hut or Taco Bell, from being offered as part of school meals or as a la carte items?

Require: .................................1
Recommend: ..............................2
Neither: .....................................3

Comment [Help33]: “A la carte foods” are items sold individually rather than as part of a complete meal.

54. Does your district require or recommend that healthful foods such as fruits, vegetables, and whole grain foods are intentionally priced at a lower cost than junk foods?

Require: ....................................1
Recommend: ..............................2
Neither: .....................................3

Comment [Help34]: Junk foods are foods or beverages that have low nutrient density, that is they provide calories primarily through fats or added sugars and have minimal amounts of vitamins and minerals.

55. Does your district require or recommend that healthful beverages such as plain water or low-fat milk are intentionally priced at a lower cost than sugar-sweetened beverages?

Require: ....................................1
Recommend: ..............................2
Neither: .....................................3
District does not sell sugar-sweetened beverages ...........................................4

Comment [Help35]: For the purposes of this question, “low-fat” means 1% fat or less.

56. Does your district require schools to report on revenue from sales of food and beverages from school-sponsored fundraisers, vending machines, school stores, or a la carte lines in the school cafeteria?

Yes: ............................................1
No: ..............................................2

57. Does your district require or recommend that schools have written plans for...

- Implementation of a risk-based approach to food safety, for example a HACCP-based program? .................................1 ......................2 .................3
- Feeding students with severe food allergies? .................................1 ......................2 .................3

Comment [Help36]: Food safety is the prevention of unintentional contamination of food that can cause illness.

Comment [Help37]: HACCP is Hazard Analysis and Critical Control Points.
58. Does your district require or recommend that school nutrition services programs have a written plan for feeding students who rely on the school meal programs in the event of an unplanned school dismissal or school closure?

- Require..............................................................1
- Recommend......................................................2
- Neither .............................................................3

Comment [Help38]: This plan might be part of a school’s overall crisis plan.

59. Does your district have a district-level plan for feeding students who rely on the school meal programs in the event of an unplanned school dismissal or school closure?

- Yes .......................................................................1
- No .........................................................................2

Comment [Help39]: This plan might be part of the district’s overall crisis plan.

60. Does your district prohibit or actively discourage schools from using food or food coupons as a reward for good behavior or good academic performance?

- Yes .......................................................................1
- No .........................................................................2

Comment [Help40]: For example in memoranda or guidelines.

61. Does your district prohibit or actively discourage schools from withholding food or restricting the types of foods available as a form of punishment for students’ behavior?

- Yes .......................................................................1
- No .........................................................................2

Comment [Help41]: For example in memoranda or guidelines.
62. Who operates the nutrition services program for the district?
   School district ......................................................... 1
   Food service management company .................. 2
   Other ................................................................. 3

63. Currently, does someone in your district oversee or coordinate nutrition services, such as a district food service director (school food authority director)?
   Yes ............................................................................. 1
   No ............................................................................. 2
   ➔ That is the last question.
   Thank you very much for taking the time to complete this questionnaire.

64. Are you this person?
   Yes ............................................................................. 1
   No ............................................................................. 2
   ➔ That is the last question.
   Thank you very much for taking the time to complete this questionnaire.

65. Who do you work for?
   MARK ALL THAT APPLY
   School district ......................................................... 1
   Food service management company .................. 2
   Other ................................................................. 3
   The last questions ask about your educational background.

66. Do you have a culinary arts degree?
   Yes ............................................................................. 1
   No ............................................................................. 2

67. Do you have an undergraduate degree?
   Yes ............................................................................. 1
   No ............................................................................. 2
   ➔ SKIP TO Q73
68. What did you major in?
MARK ALL THAT APPLY

Business .................................................................1
Education ....................................................................2
Food service administration or management ..................3
Home economics or family and consumer sciences ..........4
Nutrition or dietetics ................................................5
Other (Specify) .........................................................6

69. Did you have an undergraduate minor?
Yes ..............................................................................1
No ..............................................................................2 ➔ SKIP TO Q71

70. What did you minor in?
MARK ALL THAT APPLY

Business .................................................................1
Education ....................................................................2
Food service administration or management ..................3
Home economics or family and consumer sciences ..........4
Nutrition or dietetics ................................................5
Other (Specify) .........................................................6

71. Do you have a graduate degree?
Yes ..............................................................................1
No ..............................................................................2 ➔ SKIP TO Q73
72. In what area or areas was your graduate work?
MARK ALL THAT APPLY

Business .................................................................1
Education ...............................................................2
Food service administration or management .....................3
Home economics or family and consumer sciences .............4
Nutrition or dietetics ..................................................5
Other (Specify) .........................................................6

73. Do you have a School Nutrition Specialist credential from the School Nutrition Association?
Yes .................................................................1
No ............................................................................2

74. Do you have a School Nutrition Association certification? (Certification could include Level 1, Level 2, Level 3, or Trainer.)
Yes .................................................................1
No ............................................................................2

75. Do you have a Registered Dietitian (RD) credential from the American Dietetic Association?
Yes .................................................................1
No ............................................................................2

76. Are you a certified dietary manager?
Yes .................................................................1
No ............................................................................2

77. Are you a certified food safety manager?
Yes .................................................................1
No ............................................................................2
78. Do you have any other nutrition services certifications from a state agency or state-level professional group?
   Yes (Specify) .........................................................1
   No..........................................................2

Thank you very much for taking the time to participate in this study.
