

**Letter of Concurrence
Between HIV Prevention Planning Group and State or Local Health Department**

Date:

CDC
Grants Management Officer
Grants Management Branch, Procurement and Grants Office
Funding Opportunity Announcement PS12-1201
Centers for Disease Control and Prevention (CDC) MS E-15
2920 Brandywine Road, Room 3000
Atlanta, GA 30341-4146

Dear Mr(s) (Name):

The ABC State/Local HIV Prevention Planning Group (PPG) concurs, concurs with reservations, or does not concur with the following regarding submission by the ABC State/Local Health Department in response to Funding Opportunity Announcement PS12-1201:

- The PPG has reviewed the Jurisdictional HIV Prevention Plan that is to be submitted to CDC by the health department and concurs that the jurisdictional HIV prevention plan includes existing prevention programmatic resources to be allocated locally to the areas with the greatest HIV disease burden.

[Insert here if the PPG provided/did not provide input into the development of the Jurisdictional HIV Prevention Plan. Insert the process used by the PPG to review the jurisdiction's plan.]

[If applicable, insert here how jurisdictions with directly funded states and cities plan to coordinate their HIV prevention planning process. City jurisdictional HIV prevention plans should complement the State jurisdictional HIV prevention plan to effectively depict and address the HIV epidemic within the jurisdiction.]

If both parties concur that the HIV Prevention Planning Group reviewed the Health Department's Jurisdictional HIV Prevention Plan for Funding Opportunity Announcement PS12-1201, then sign and date this letter and send a copy to CDC.

Agreed and accepted
