

Your Guide to Infection Control and Prevention: A Webinar Series

“Empowering Nurses to Protect Themselves and Their Patients: Injection Safety”

WC2720

AGENDA

FEBRUARY 22, 2018

1:00pm – 2:00pm EST

American Nurses Association- Welcome/Opening Remarks	Seun Ross, DNP, MSN, CRNP-F, NP-C, NEA-BC, American Nurses Association
American Association of Nurse Anesthetists	Chuck Griffis PhD CRNA - Certified Registered Nurse Anesthetist, Greater Los Angeles Veterans Administration Medical Center
Infusion Nurses Society	Michelle Berreth BSN, RN, CRNI®, CPP - Nurse educator with the Infusion Nurses Society
American Nephrology Nurses Association	Carol M. Headley DNSC, ACNP, RN, CNN - Nephrology nurse practitioner at the Veterans Affairs Medical Center in Memphis
Question and Answer	All Speakers
American Nurses Association- Closing Remarks	Seun Ross, DNP, MSN, CRNP-F, NP-C, NEA-BC, American Nurses Association
CE	Erica Tindall, MSN, MPH, APRN, AGNP-C, CIC

Program Description: Injected medications are used in a variety of treatment settings to prevent, diagnose and treat illnesses. Unsafe injection practices place the patient and medical staff at risk for preventable infectious and non-infectious adverse health events. The fifth webinar in the NICE Network webinar series, Empowering Nurses to Protect Themselves and Their Patients will address some of the more common issues related to safe injection practices. This webinar will describe the essential balance between meeting immediate or emergent patient safety needs while performing all recommended infection control practices during clinical care. This webinar will also identify safe injection practices intended to prevent catheter-related bloodstream infections; and describe injection practices in a hemodialysis facility that would potentiate a patient’s risk for infection.

SPECIFIC OBJECTIVES FOR THIS WEBINAR:

- Describe the essential balance between meeting immediate or emergent patient safety needs and performing all recommended infection control practices during clinical care.
- Identify safe injection practices that are intended to prevent catheter-related bloodstream infections.
- Describe a type of injection practice that might occur in a hemodialysis facility that would potentiate a patient's risk for infection.

GENERAL OBJECTIVES:

- Describe infection control techniques that reduce the risk and spread of healthcare-associated infections (HAI).
- Identify unsafe practices that place patients at risk for HAIs.
- Describe best practices for infection control and prevention in daily practice in healthcare settings.
- Apply standards, guidelines, best practices, and established processes related to safe and effective medication use

Origination Date: March 26, 2018

Expiration Date: March 28, 2022

HARDWARE/SOFTWARE: Computer Hardware; Internet connection;
Browser

MATERIALS: None

TARGET AUDIENCE: Physicians, Physician Assistants, Nurse Practitioners, Registered Nurses, Health Educators, Pharmacists, Medical Residents, Epidemiologists, Laboratorians, Administrators

PREREQUISITES: General awareness of germ theory and basic level of infection control and prevention

CONTACT INFORMATION: Division of Healthcare Quality Promotion,
hip@cdc.gov

ACCREDITATION STATEMENTS:

CME: The Centers for Disease Control and Prevention is accredited by the Accreditation Council for Continuing Medical Education (ACCME®) to provide continuing medical education for physicians.

The Centers for Disease Control and Prevention designates this **live activity** for a maximum of **(1.0) AMA PRA Category 1 Credits™**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

CNE: The Centers for Disease Control and Prevention is accredited as a provider of Continuing Nursing Education by the American Nurses Credentialing Center's Commission on Accreditation.

This activity provides **(1.0)** contact hours.

CEU: The Centers for Disease Control and Prevention is authorized by IACET to offer **(0.1)** CEU's for this program.

CECH: Sponsored by the Centers for Disease Control and Prevention, a designated provider of continuing education contact hours (CECH) in health education by the National Commission for Health Education Credentialing, Inc. This program is designated for Certified Health Education Specialists (CHES) and/or Master Certified Health Education Specialists (MCHES) to receive up to **(1)** total Category I continuing education contact hours. Maximum advanced level continuing education contact hours available are 0. CDC provider number **98614**.

CPE: The Centers for Disease Control and Prevention is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education.

This program is a designated event for pharmacists to receive **(0.1)** CEUs in pharmacy education. The Joint Accreditation Universal Activity Number is **JA4008229-0000-20-075-H04-P**.

Category: This activity has been designated as Knowledge-Based.

Once credit is claimed, an unofficial statement of credit is immediately available on TCEOnline. Official credit will be uploaded within 60 days on the NABP/CPE Monitor.

For Certified Public Health Professionals (CPH)

The Centers for Disease Control and Prevention is a pre-approved provider of Certified in Public Health (CPH) recertification credits and is authorized to offer **(1)** CPH recertification credits for this program.

CDC is an approved provider of CPH Recertification Credits by the National Board of Public Health Examiners. Effective October 1, 2013, the National Board of Public Health Examiners (NBPHE) accepts continuing education units (CEU) for CPH recertification credits from CDC. Please select CEU as your choice for continuing education when registering for a course on TCEOnline. Learners seeking CPH should use the guidelines provided by the NBPHE for calculating recertification credits. For assistance please contact NBPHE at <http://www.NBPHE.org>.

DISCLOSURE: In compliance with continuing education requirements, all presenters must disclose any financial or other associations with the manufacturers of commercial products, suppliers of commercial services, or commercial supporters as well as any use of unlabeled product(s) or product(s) under investigational use.

CDC, our planners, our presenters, and their spouses/partners wish to disclose they have no financial interests or other relationships with the manufacturers of commercial products, suppliers of commercial services, or commercial supporters. Planners have reviewed content to ensure there is no bias.

Content will not include any discussion of the unlabeled use of a product or a product under investigational use.

CDC did not accept commercial support for this continuing education activity.

To receive continuing education (CE):

Complete the activity

Complete the Evaluation at www.cdc.gov/TCEOnline

Pass the posttest at 66% (2/3) at www.cdc.gov/TCEOnline (if applicable)

FEES: There are no fees for CE.
