

1 needle  
1 syringe  
+ 1 time

0 infections

It's elementary!

Patients and healthcare providers must both insist on nothing less than ***One Needle, One Syringe, Only One Time*** for each and every injection.

For more information, please visit:

[www.ONEandONLYcampaign.org](http://www.ONEandONLYcampaign.org)

The One & Only Campaign is a public health campaign aimed at raising awareness among the general public and healthcare providers about safe injection practices.
