

Immunization Quality Improvement for Providers

The Immunization Quality Improvement for Providers (IQIP) program helps Vaccines for Children (VFC) providers boost childhood and adolescent immunization coverage through a structured, data-driven approach.

Why Participate?

- ✓ **Increase immunization coverage** for children and adolescents.
- ✓ **Streamline workflows** with best practices for immunization delivery.
- ✓ **Leverage data** to identify missed opportunities and track progress.
- ✓ **Access expert support** from public health consultants.

U.S. CENTERS FOR DISEASE
CONTROL AND PREVENTION

Key Strategies

- **Use reminders and recalls** for patients due or overdue for immunizations.
- **Conduct** every-visit immunization assessments.
- **Use the IIS or your EHR** for immunization recommendations.
- **Train staff** to use a clear, standardized approach to immunization recommendations.
- **Adjust workflows** to reduce missed opportunities.

Provider Investment

- **Engage** with an IQIP consultant in a 12-month quality improvement process.
- **Review and refine** clinic workflows.
- **Collaborate** with an IQIP consultant to review data.
- **Dedicate staff time** for meetings and implementation.

 **Ready to take action?**

IQIP is open to VFC providers. Contact your IQIP Coordinator to get started.
