This webinar will provide training on the morphological features that can be used to differentiate and identify the different Entamoeba species found in human diagnostic samples. This Entamoeba species includes the Entamoeba histolytica complex, Entamoeba coli, Entamoeba hartmanni and Entamoeba polecki/chattoni. The morphological appearance of both cysts and trophozoites of Entamoeba species will be covered in this webinar.
FREE WEBINAR

REGISTRATION DEADLINE IS JUNE 22, 2017

- Locate the course online under Live Webinars at www.cdc.gov/labtraining
- Follow the link to register for the course in TRAIN.
- Once you have registered, you will receive a detailed confirmation letter by email.
- This webinar will be archived on TRAIN approximately 3 weeks after the live event.
- The webinar has 1000 seats available on a first come, first served basis.
- If you have difficulty with the online registration process, please email labtraining@cdc.gov.

Objectives
At the conclusion of this program, the participant will be able to:

- Discuss the clinical significance of the *Entamoeba* species.
- Identify and differentiate cysts of various *Entamoeba* species found in human samples.
- Identify and differentiate trophozoites of various *Entamoeba* species found in human samples.

Target Audience
This webinar is intended for laboratory professionals.

Access Requirements
In order to participate in this webinar, you will need a computer with internet access and speakers or headphones to hear the audio. To test your system, visit: https://admin.acrobat.com/common/help/en/support/meeting_test.htm

Special Needs
Course content is closed captioned where applicable and optimized for a screen reader.

CEUs
The Centers for Disease Control and Prevention, Laboratory Training and Services Branch, is approved as a provider of continuing education programs in the clinical laboratory sciences by the ASCLS P.A.C.E.® Program.

This webinar is approved for 1.0 hour of P.A.C.E.® credit, and has been approved for 1.0 contact hours in the General (Microbiology/ Mycology/ Parasitology) category for Florida Laboratory Licensees.

P.A.C.E.® Course#: 288-010-17 Florida Course#: 20-604510

Sponsored by the National Laboratory Training Network (NLTN).
The National Laboratory Training Network is a training system sponsored by the Association of Public Health Laboratories (APHL) and the Centers for Disease Control and Prevention (CDC).
