

CDC Learning Connection

... where the public health community goes to learn

The **CDC Learning Connection** has the training tools you need to increase your public health knowledge and skills:

- **Quality E-learning**
Best practices identified by CDC's e-learning developers and featured examples
- **Quick Learn Lessons**
Lessons that can be completed in 20 minutes or less; accessible from mobile devices for learning on-the-go
- **Resources**
Websites, guidelines, toolkits, and information on a variety of public health topics
- **Social Media**
Access tools to share and promote **CDC Learning Connection** on Internet sites, social media networks (e.g., Facebook), and micro-blogs (e.g., Twitter)
- **Spotlights**
Monthly features focusing on timely public health topics, priorities, and resources

Visit the **CDC Learning Connection** at www.cdc.gov/learning.

CDC Learning Connection

Link. Log in. Learn.

We invite you to visit the **CDC Learning Connection** — an online portal for education and training products. It also features **CDC TRAIN**, a dynamic learning management system.

The screenshot shows the CDC Learning Connection website. At the top, it features the CDC logo and the text 'Centers for Disease Control and Prevention'. Below this is a navigation bar with an 'A-Z Index' and a search box. The main content area is titled 'CDC Learning Connection' and includes a 'Link. Log in. Learn.' section with a 'CDC Learning Connection' logo. To the right, there's a 'Text size' selector and a 'Like' button. Below the main title, there's a 'CDC TRAIN' section with a 'Log in' button and a list of features: 'Locate courses specifically geared toward your profession', 'Register for training and track your learning through a single TRAIN transcript', 'Find up-to-date courses on a spectrum of public health issues', and 'Participate in your public health communities of practice through TRAIN discussion boards'. There's also a 'Learn More about CDC TRAIN' link. Below this, there's a grid of six featured sections: 'Quality E-learning', 'In the Spotlight', 'Resources', 'Quick Learn Lessons', 'Upcoming Live Events', and 'Publications'. At the bottom, there's a 'Social Media' section and a 'Recently Accredited' section listing 'MMWR: Guidelines for Triage of Injured Patients CE', 'MMWR Weekly Report CE', and 'Update on HPV Vaccine CE'. A disclaimer at the bottom states: 'Links to non-federal organizations are provided solely as a service to our users. These links do not constitute an endorsement of these organizations or their programs by CDC or the federal government, and none should be inferred. CDC is not responsible for the content of the individual organization Web pages found at these links.'

Division of Scientific Education and Professional Development

CDC TRAIN

Also featured on the **CDC Learning Connection** is **CDC TRAIN**

... a dynamic learning management system (LMS). CDC partnered with the Public Health Foundation (PHF) to expand access to education and training resources through PHF's LMS, TrainingFinder Real-time Affiliate Integrated Network (**TRAIN**) — "the nation's premier learning resource for professionals who protect the public's health".

CDC TRAIN is accessible at no cost and provides:

- Advanced search capabilities for locating public health learning products
- Access to the most comprehensive public health catalog of courses from nationally recognized course providers, many offering continuing education
- Tools to provide feedback through course ratings and discussion boards
- A transcript function for learners to track professional development

Access **CDC TRAIN** at the **CDC Learning Connection**, www.cdc.gov/learning, then register for your **CDC TRAIN** account and explore the variety of training opportunities available to strengthen your public health knowledge and skills.
