

LABORATORY LEADERSHIP SERVICE

TRAINING DISEASE
DETECTIVES AND
LABORATORY LEADERS

U.S. Department of
Health and Human Services
Centers for Disease
Control and Prevention

LLS is a 2-year fellowship that trains the next generation of public health lab leaders.

LLS emphasizes service, competency-based learning, and leadership.

Fellows

Public Health

Train. Serve. Retain.

LLS fellows train at public health laboratories around the country.

LLS fellows provide service to their host site laboratory at no cost.

**LLS deploys to
provide critical
lab support and
expertise.**

WHO Headquarters Geneva, Switzerland

**Fellows consistently
deliver on high impact,
complex activities and
projects.**

Let's talk about the
application and match
process.

The host site laboratory application consists of 3 sections.

- Host site overview
- Supervisor profile
- LLS fellow projects and opportunities

Ensure your application meets the 3 key criteria.

**Experience
mentoring PhD
scientists**

**Understand LLS
CALs and
program goals**

**Well-defined
project
descriptions**

**LLS matches to
select fellows
in pre-match
and regular
match.**

Pre-match is available to STLT labs new to LLS or CDC labs that financially support a fellow.

State Laboratory
3350 N. Martin Luther King

LLS host sites participate in selection between July and November.

Add a PhD scientist to your team, share your expertise, and help train a future lab leader.

Class of 2024 LLS Laboratory Host Sites

Submit applications
April 5 to July 3
