RETURN OF UNUSED IV ARTESUNATE

This package contains IV artesunate for treatment of patients with severe malaria.

**KEEP REFRIGERATED**

at 2-10°C

BUT DO NOT FREEZE.

IV artesunate is provided under an Investigational New Drug protocol, therefore any unopened and unused product should be returned to:

**CDC DRUG SERVICE, D-09**

1600 CLIFTON RD.

ATLANTA, GA 30333

Telephone: 404-639-3670

These unused vials should be shipped at 2-10°C (35–50°F) using an expedited shipper who guarantees delivery within 24 hours. Please arrange shipping so that the package arrives on a weekday. CDC Drug Service staff should be notified with the following information:

- Date when the drug was or will be shipped
- Transport method that will be used
- Tracking information

Please contact **CDC Drug Service (404-639-3670)** with any additional questions concerning the shipment of the IV artesunate.

If you have any questions about the use of IV artesunate, please call:

**Malaria Branch**

Division of Parasitic Diseases

Centers for Disease Control and Prevention

Telephone: 770-488-7788

Thank you for your cooperation.
