

## Matthew Ritchey, DPT, PT, OCS, MPH

Epidemiologist, Division for Heart Disease and Stroke Prevention,  
National Center for Chronic Disease Prevention and  
Health Promotion

**Matthew Ritchey, PT, DPT, OCS, MPH**, is an Epidemiologist with CDC's Division for Heart Disease and Stroke Prevention. Dr. Ritchey's research focus is on national-level cardiovascular health projects, including Million Hearts®, an initiative aimed at preventing 1 million heart attacks and strokes by 2017. He previously worked with CDC's Division of Population Health on efforts to build sustainable capacity for chronic disease and injury epidemiology within the Indiana State Department of Health. Prior to that, he served as a field-based epidemiologist who led multiple state and local acute and chronic disease surveillance and disease outbreak management activities. He received a Master of Public Health degree from Ohio State University, Columbus, Ohio, and a Doctor of Physical Therapy degree from Duke University, Durham, North Carolina.
