Acknowledgements

The World Health Organization (WHO) and the Centers for Disease Control and Prevention (CDC) express their gratitude to those who have contributed their time and experience to this 2nd edition of the "Laboratory Methods for the Diagnosis of Meningitis caused by *Neisseria meningitidis*, *Streptococcus pneumoniae*, and *Haemophilus influenzae*".

Special thanks should be given to **Dr. Leonard Mayer**, CDC, Atlanta, USA, WHO Collaborating Center for Meningitis, for taking the lead in the process of developing as well as compiling and editing this manual.
