

**Get Smart: Know When
Antibiotics Work on the Farm
Thursday, May 31, 2007**

GUEST

Please place this placard on the dashboard of the vehicle you are using to enter the Centers for Disease Control and Prevention grounds. Veer to the right upon entering the facility to the visitor's lane and drive slowly, watching for the security guard's directions to guide you over an under-vehicle camera. You may be asked to open the hood and trunk of the vehicle and to step out of the vehicle while it is being inspected. This applies to all vehicles including taxis and rental cars. Thank you for your patience as you go through this security procedure.
