Irene Loe, MD, Lucile Packard Children’s Hospital, Stanford University School of Medicine
 - Editors:
Georgina Peacock, MD, MPH, National Center on Birth Defects and Developmental Disabilities, Centers for Disease Control and Prevention
Carol Weitzman, MD, Yale University School of Medicine
Jana Thomas, MPA, Porter Novelli

Slide 2: Learning Objectives

- Header: Early Intervention and Education
- Footer: Autism Case Training: A Developmental-Behavioral Pediatrics Curriculum
- Slide Content:
 - Learning Objectives
 1. Discuss the evidence base and recommended educational therapies for children with ASD.
 - List the key features of successful early educational programs for children with ASD.
 - Describe the current evidence base for commonly used behavioral therapies.
 - Understand the typical components of early intervention programs for children with ASD, age three years and younger.
 - Understand the difference between diagnosis and eligibility for an individual educational plan (IEP) for children with ASD, age three years and older.
 2. Provide ongoing support and management for children with ASD and their families regarding educational therapies.
 - Identify the needs of families in the transition from Early Intervention to preschool.
 - Understand the process for evaluating problem behaviors to develop a home treatment plan for children with ASD.

Slide 3: Part I

- Header: Early Intervention and Education
- Footer: Autism Case Training: A Developmental-Behavioral Pediatrics Curriculum
- Slide Content:
 - Part I

- Tim, a 2 year, 5 months-old boy, is brought to your office by his parents for a follow-up visit...

Slide 4: Question

- Header: Early Intervention and Education
- Footer: Autism Case Training: A Developmental-Behavioral Pediatrics Curriculum
- Slide Content:
 - What guidance would you provide Tim's parents?

Slide 5: Video

- Header: Early Intervention and Education
- Footer: Autism Case Training: A Developmental-Behavioral Pediatrics Curriculum
- Slide Content:
 - Observation: ABA, Stephon, 30 Mos
 - Link to Video Playlist: <http://www.cdc.gov/ncbddd/video/actearlycurriculum/>

Slide 6: Video

- Header: Early Intervention and Education
- Footer: Autism Case Training: A Developmental-Behavioral Pediatrics Curriculum
- Slide Content:
 - Observation: Working with PECS, Antonio, 3 Yrs 1 Month
 - Link to Video Playlist: <http://www.cdc.gov/ncbddd/video/actearlycurriculum/>

Slide 7: Question

- Header: Early Intervention and Education
- Footer: Autism Case Training: A Developmental-Behavioral Pediatrics Curriculum
- Slide Content:
 - What would you do next?

Slide 8: Part II

- Header: Early Intervention and Education
- Footer: Autism Case Training: A Developmental-Behavioral Pediatrics Curriculum
- Slide Content:
 - Part II
 - Tim is now 2 years, 11 months...

Slide 9: Question

- Header: Early Intervention and Education
- Footer: Autism Case Training: A Developmental-Behavioral Pediatrics Curriculum
- Slide Content:
 - What would you tell Tim's parents about the IEP meeting?

Slide 10: Part III: Epilogue

- Header: Early Intervention and Education
- Footer: Autism Case Training: A Developmental-Behavioral Pediatrics Curriculum
- Slide Content:
 - Part III: Epilogue

- Tim is now 4 years old, and his parents return for a follow-up visit...

Slide 11: Question

- Header: Early Intervention and Education
- Footer: Autism Case Training: A Developmental-Behavioral Pediatrics Curriculum
- Slide Content:
 - How would you apply the information in this case?
 - What did you learn through this case?

Slide 12: Potential Next Case

- Header: Early Intervention and Education
- Footer: Autism Case Training: A Developmental-Behavioral Pediatrics Curriculum
- Slide Content:
 - Potential Next Case: Treatments for Autism
 - Case Goals
 - Evaluate the etiology of changes to behavior and functioning in children with ASD and describe strategies to analyze the changes.
 - Develop knowledge regarding specific options to treat maladaptive behaviors in children with ASD.

Slide 13: Presentation End

- Header: Early Intervention and Education
