

James Green

- my story -

Social History:

I live with my mom, dad and 4 year old brother, in Decatur, GA. I attend Decatur Elementary School. My school room has a parrot and a cat.

Birth History:

I was born at 32 weeks gestation. I was on a ventilator and had trouble with feeding in the NICU. I was in the NICU for 4 weeks.

Medical History:

I was hospitalized with:

- Viral pneumonia at 1month of age, hospitalized for 2 weeks,
- Rota virus infection at 6 months,
- Fell on corner of coffee table at 13 months, 3 stiches, no loss of consciousness,
- Surgery on ear tubes at 18 months (8/2010)

Specialists:

- Pediatrician – Dr. Smith telephone, address
- Pulmonologist – Dr. Sneeze telephone, address
- Gastroenterologist – Dr. Jones telephone, address

Medications:

- Albuterol twice a day
- Pulmicort twice a day
- Iron supplement once a day

Allergies: *(including type of reaction)*

- amoxicillin (hives)
- tegaderm tape (itching/redness)

About me:

I like to listen to music, sit on the porch and watch my brother play Frisbee. I love getting and giving hugs. I can bat an average of 25 on my little league team.
