It’s Busy Being 3!

In one amazing day a child can show us so much.
Watch for new milestones every day.

To learn how AMAZING this book is, read here!

These amazing things are called developmental milestones (how a child plays, learns, speaks, acts, and moves).

First steps, first words, and using the potty for the first time are all developmental milestones.

Other developmental milestones, like the ones in this book, may not be as easy to see, but they are just as important for your child’s development.

This book will show you what to look for as your child grows and develops. Ask your child to find the koalas. Each page with a koala also has a star and milestone at the bottom just for you.

See if your 3-year-old child is able to do some of the same things as Joey.

Also be sure to turn to the end of the book for:
- 3-year-old milestones,
- tips and activities to support your child’s development,
- to find out where you can go for more information.

Happy reading!

Joey is the star of this story, but I’m Joey’s best pal, Bear! I go with him almost everywhere.

Look for me in the story.

When you find me, it means Joey is showing one of the AMAZING things he can do now that he is 3!

My name is Joey, and I am AMAZING.
I am 3 years old. That means I am one more than 2.

This is MY world… it’s very busy being 3! I’ve got lots of places to go and people to see. I love my world because I am the star.
“Yes, I can!”

“I don’t think so…”

“But I’m a STAR!”

“Of course you are…”

“…and I’m your mom. It’s my job to make sure you wear the right clothes. You need to dress warmly from your head to your toes.”

Milestone Moment: Joey shows he can do more and more things on his own by dressing himself
I can be a doctor.

This is my favorite hat. I love it so much I never want to take it off. With my hat on, my mom says I’m AMAZING… with a cherry on top!

My mom and dad tell me that when I grow up, I can be anything I want to be. I must be AMAZING because I can do that right now.

I can be a policeman.
I can be an astronaut.
I can be a teacher.

I can even be the KING!

When I am the King, my friend Bernice can be the Queen!
Some days, I get to play games with my friends at preschool.

We like to play superheroes…

and hide-n-seek…

I am AMAZING at playing games.
“Yes, I can!”

“I don’t think so…”

“But I’m a STAR!”

“Of course you are…”

 “…and I’m your teacher. It’s my job to teach you how to play fair. Let others be first, and show them you care.”

When we play duck, duck, goose, I REALLY love to be first.

“You can’t be first all the time,” says my teacher.

Milestone Moment: Begins to take turns in games
My teacher said I am AMAZING at cutting.

Today, we even got to use safety scissors at school.
When my dad got home, I wanted to show him what I did.

“Don’t think you can reach that all by yourself,” said my dad.
And I can read, too! I am an AMAZING reader.

Milestone Moment: Joey tells a story while pretending to read

Guess what I can do?
I can make circles,
and I do an AMAZING job.

Milestone Moment: Joey can copy a circle
Today was an extra special day. This afternoon, I got to go see my doctor for a checkup.

My mom and dad told her about all the things I can do now that I’m 3. The doctor was happy with how AMAZING I can be.

- Shows independence
- Shows concern for a crying friend
- Builds towers with blocks
- Plays make-believe
- Tries to use safety scissors
- Tells a simple story
- Shows independence
Before dinner, my mom and I baked cookies.

“You can’t eat just cookies for dinner!” says my mom.

…I’d love to, but I’m not sure they’d like me eating just cookies."

“…and I’m your mom. It’s my job to make sure you eat just right, so taste those peas without a food fight.”
Every night when it’s time to go to bed, I get to brush my own teeth.
I am an AMAZING brusher!

“Here, let me do the toothpaste,” says my mom.

“…and I’m your mom. It’s my job to help put the paste on your brush. I have to make sure you don’t use too much. You do your best to get your teeth clean. Then I’ll check your work – we make a GREAT team!”

“But I can do it all by myself!”
“I don’t think so…”
“But I’m a STAR!”
“Of course you are…”
“But why? Why do I… (yawn)… have to go to bed? I’m not tired, and I want to stay up longer!”

“I don’t think so…”

“But I’m a STAR!”

“Of course you are…”

“…and it’s our job to make sure you get enough rest. If you don’t go to sleep, you can’t be your best. Remember, you’ve got another big day ahead, and you can’t be AMAZING if you don’t go to bed.”

It’s so busy being 3. My day is about done.

“One more book and then it’s time to go to bed,” my dad says to me.
I’d better go to sleep, because I really do love to be AMAZING!

AMAZING Developmental Milestones
Watch and see if your 3-year-old child can do each of these milestones. Take this book with you and talk with your child’s doctor at every visit about which milestones your child has reached and what to expect next.

Parenting Tips
How you can help your 3-year-old learn and grow:

- Take your child to play groups or other places where there are other children, such as a playground or park, so your child can learn to play with and get along with others.
- Talk to your child about his emotions. For example, say, “I can tell you feel mad because you threw the puzzle piece.” Encourage your child to identify feelings in books.
- Set rules and limits for your child, and stick to them. Praise your child for following the rules. If your child breaks a rule, give her a time-out for 30 seconds to 1 minute in a chair or in her room.
- Read to your child every day. Ask your child to point to things in the pictures and repeat words after you.
- Give your child an “activity box” with paper, crayons, and coloring books. Color and draw lines and shapes with your child.

Concerned about your child’s development?
If your child is missing milestones or you are concerned about your child's development, talk with your child's doctor, teacher, or other providers and ask about developmental screening. Don't wait. Acting early can make a real difference!

Visit cdc.gov/Concerned for more information on how to support your child or call 1-800-CDC-INFO (1-800-232-4636); agents speak English and Spanish.
