

Disability Impacts ALL of US

Each of us may experience a disability in our lifetime.

CDC's National Center on Birth Defects and Developmental Disabilities supports efforts to include adults with disabilities in disease prevention, health promotion, and emergency response activities, while working to remove barriers to health care and improve access to routine preventive services.

A Snapshot of Disability in Vermont*

This fact sheet provides an overview of disability in Vermont compared to national estimates. You can use this information to learn more about the percentages and characteristics of adults with disabilities in Vermont.
