* Data was reported by jurisdictions, only if applicable. Jurisdictions that conduct and report two-stage screening results (inpatient & outpatient screen) completed these fields.

[†]Passed initial / No outpatient refers to infants who passed the initial screening and, did not receive an outpatient screening, missed an outpatient screening or refused an outpatient screening

[§]No initial / Passed outpatient refers to infants who did not receive an initial screening, missed an initial screening, or refused an initial screening, and passed the outpatient screening

[¶]Passed initial / Passed outpatient refers to infants who passed the initial screening and passed the outpatient screening

^{**}Referred initial / Passed outpatient refers to infants who did not pass the initial screening and passed the outpatient screening

^{**}Referred initial / No outpatient refers to infants who did not pass the initial screening and did not receive an outpatient screening, missed an outpatient screening or refused an outpatient screening

^{§§}No initial / Referred outpatient refers to infants who did not receive an initial screening, missed an initial screening, or refused an initial screening, and did not pass the outpatient screening

^{¶¶}Passed initial / Referred outpatient refers to infants who passed the initial screening and did not pass the outpatient screening

^{***}Referred initial / Referred outpatient refers to infants who did not pass the initial screening and did not pass the outpatient screening

^{†††}Referred initial / straight to diagnostic evaluation refers to infants who did not pass the initial screening and was referred directly for diagnostic evaluation

^{§§§}One hospital experienced screener issues during the report period. Per CDC guidance, inpatient screening results were removed and marked as missed. One outpatient screening was permitted for these children.
