</table>

*Per Diagnosed per 1,000 Screened: (# Hearing loss / # Total Screened) x 1,000
*Percent Diagnosed Before 3 Months of Age among the Diagnosed: (# Total Diagnosed Before 3 Months of Age / # Total Diagnosed) * 100
*Jurisdiction reported using revised "Parents/Family Contacted but Unresponsive" definition. Refer to page 5-6 of the 2017 CDC EHDI Hearing Screening and Follow-up Survey Explanations document for explanations of "old" and "revised" Unresponsive definitions.
*There are infants diagnosed with no hearing loss. However they are not captured in the HSFS under the Diagnostic Data section.
*One hospital experienced screener issues during the report period. Per CDC guidance, inpatient screening results were removed and marked as missed. One outpatient screening was permitted for these children.
