This summary reflects final, most hearing screening results.

In many regions the COVID-19 pandemic interrupted the delivery of health care services in 2020, including newborn hearing screening and follow-up diagnostic and intervention services. As a result, infants born in 2020 and needing hearing screening and/or follow-up services may have experienced delays or had difficulties obtaining these services.

Data include information about any services that infants born in the calendar year 2020 received through 2021, until time of survey reporting.

[□]Percent Pass Before 1 Month of Age among Infants who Passed Screen: (# Pass Before 1 Month of Age / # Total Pass) *100

[†]Percent Not Pass Before 1 Month of Age among Infants who Did Not Pass Screen: (# Not Pass Before 1 Month of Age / # Total Not Pass) *100

[§]Percent Screened Before 1 Month of Age among Screened Infants: (# Total Screened Before 1 Month of Age / # Total Screened) *100
