

Goal 1: Document unduplicated individually identifiable data on the delivery of newborn hearing screening services for all infants born in the Jurisdiction

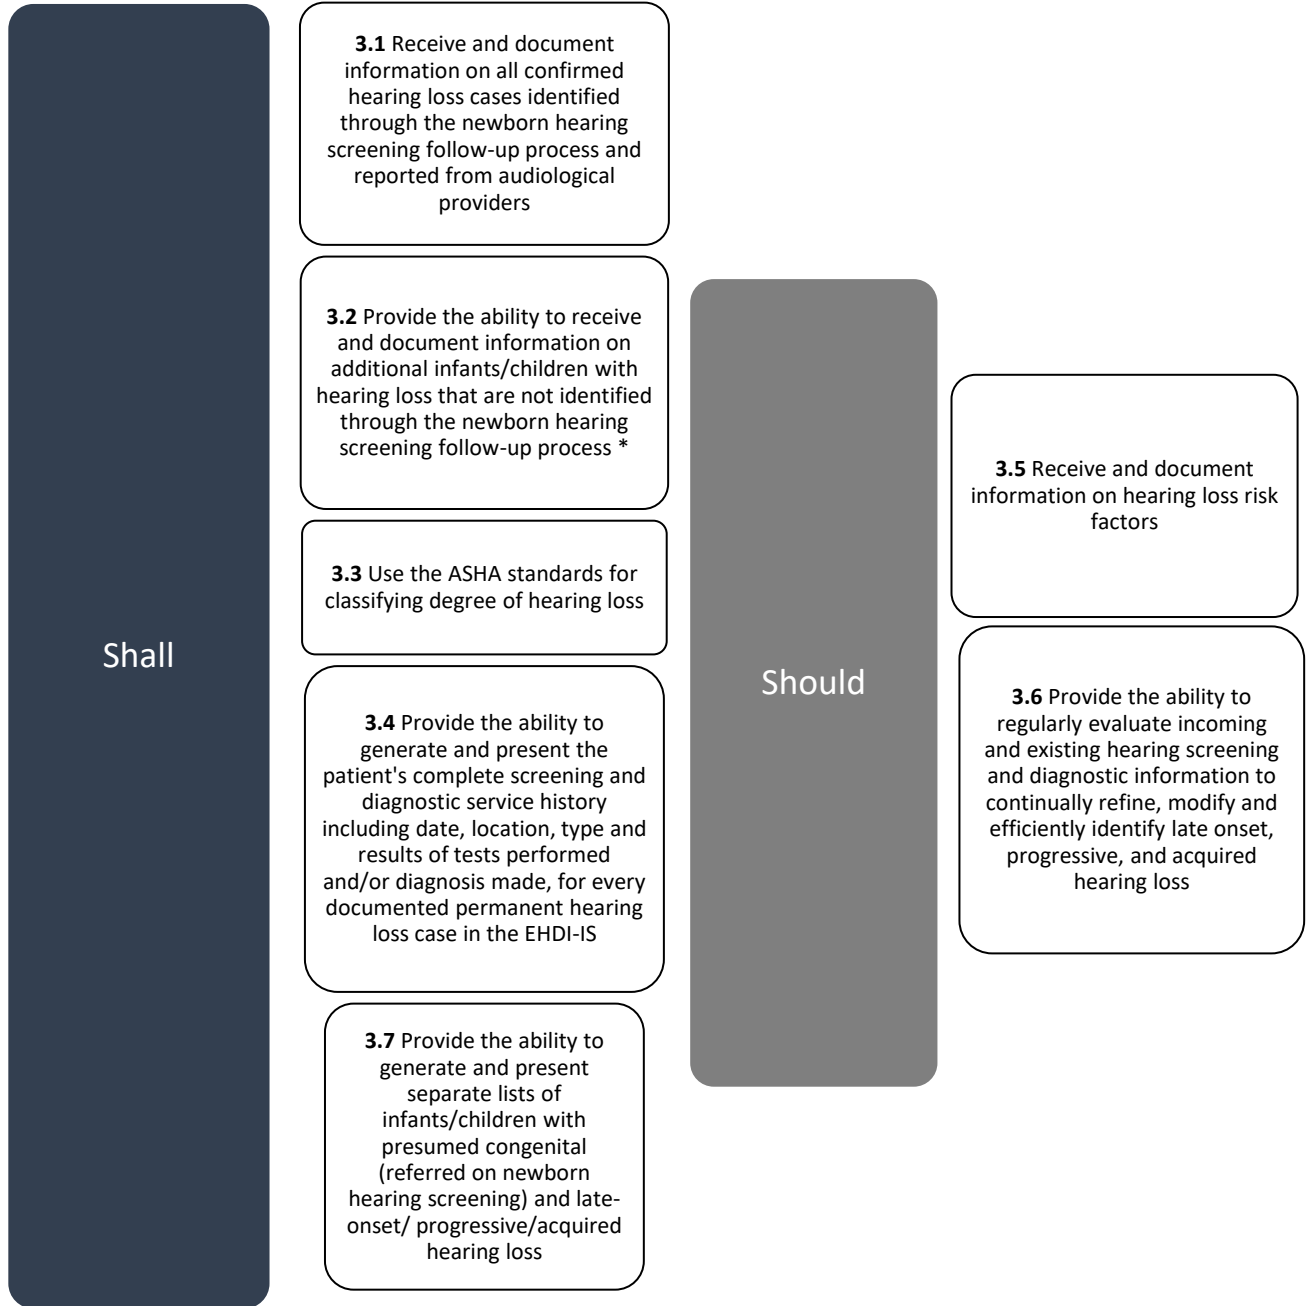

* In accordance with scope of practice, organizational policy and jurisdictional law

Goal 2: Support tracking and documentation of the delivery of follow-up services for every infant/child who did not receive, complete or pass newborn hearing screening

* In accordance with scope of practice, organizational policy and jurisdictional law

Goal 3: Document ALL cases of permanent hearing loss, including congenital, late-onset, progressive, and acquired cases for infants/children <3 years old

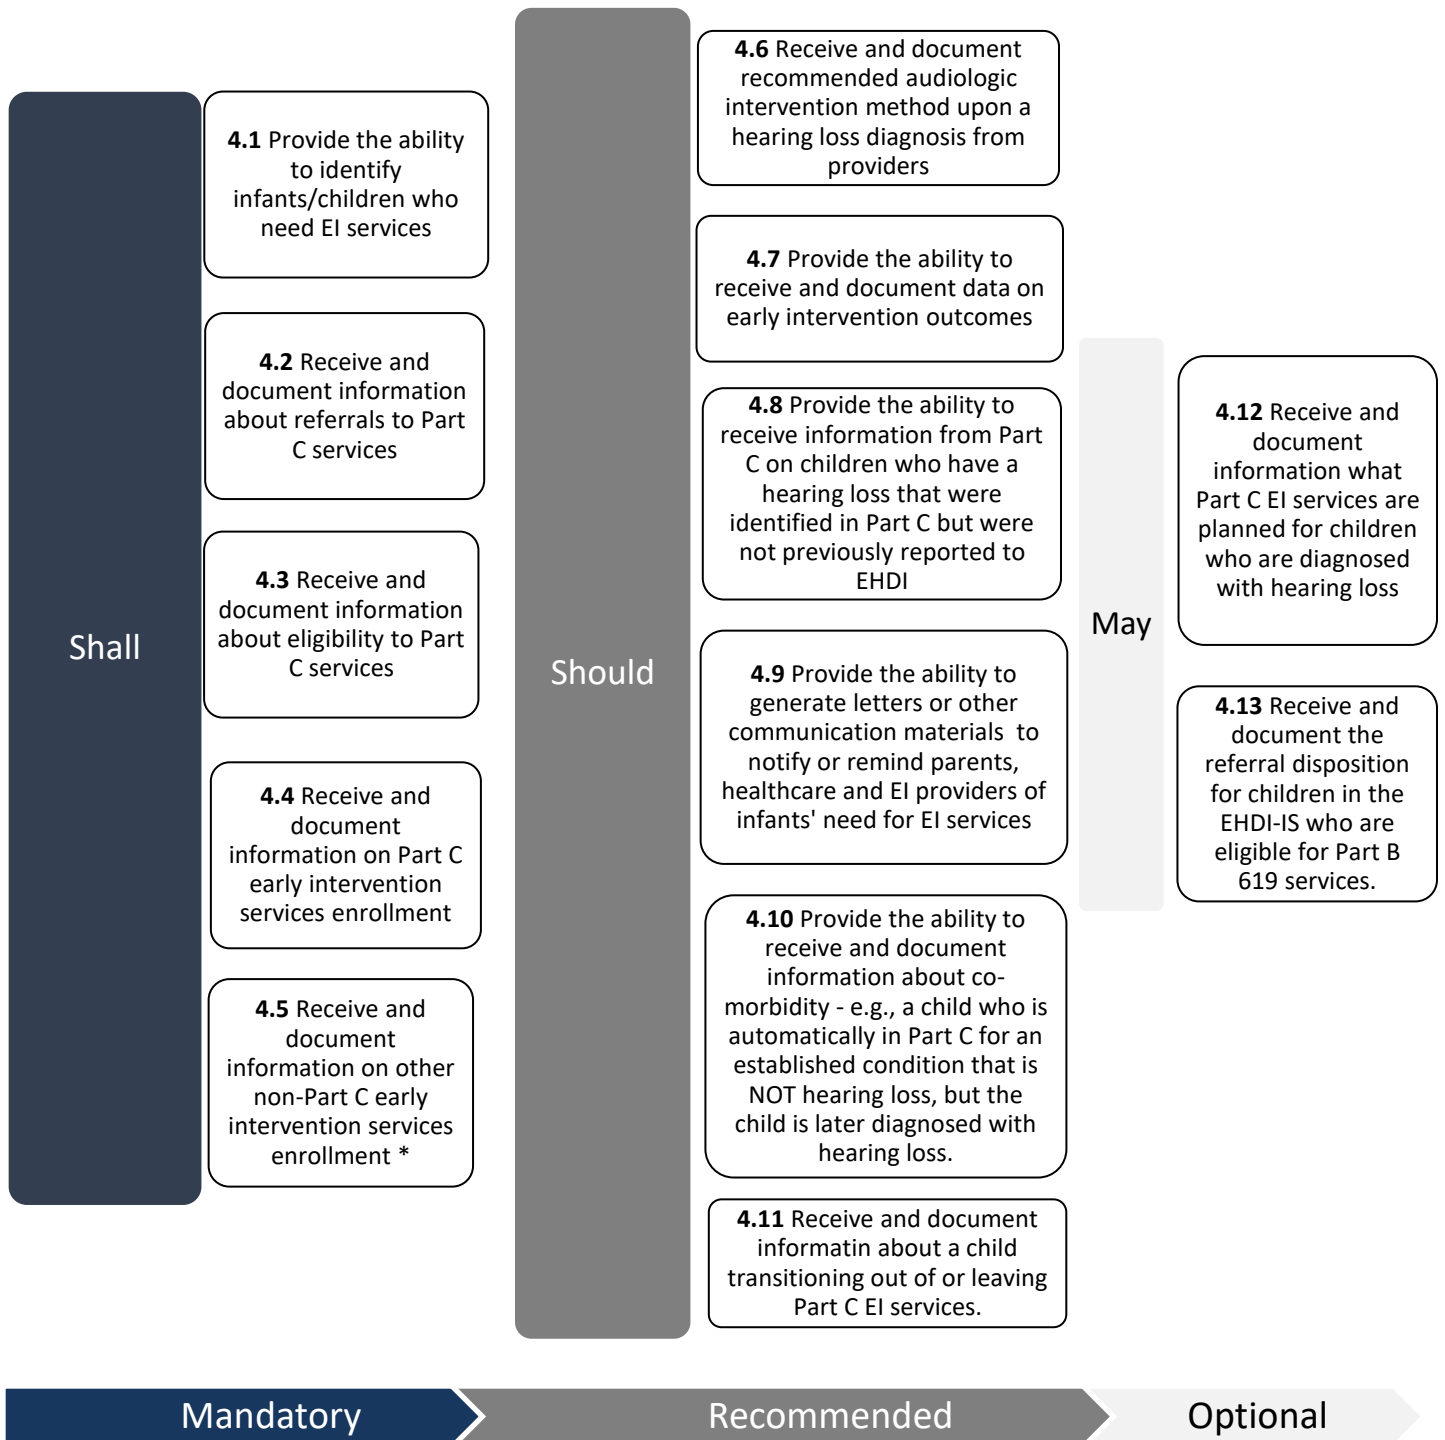

Mandatory

Recommended

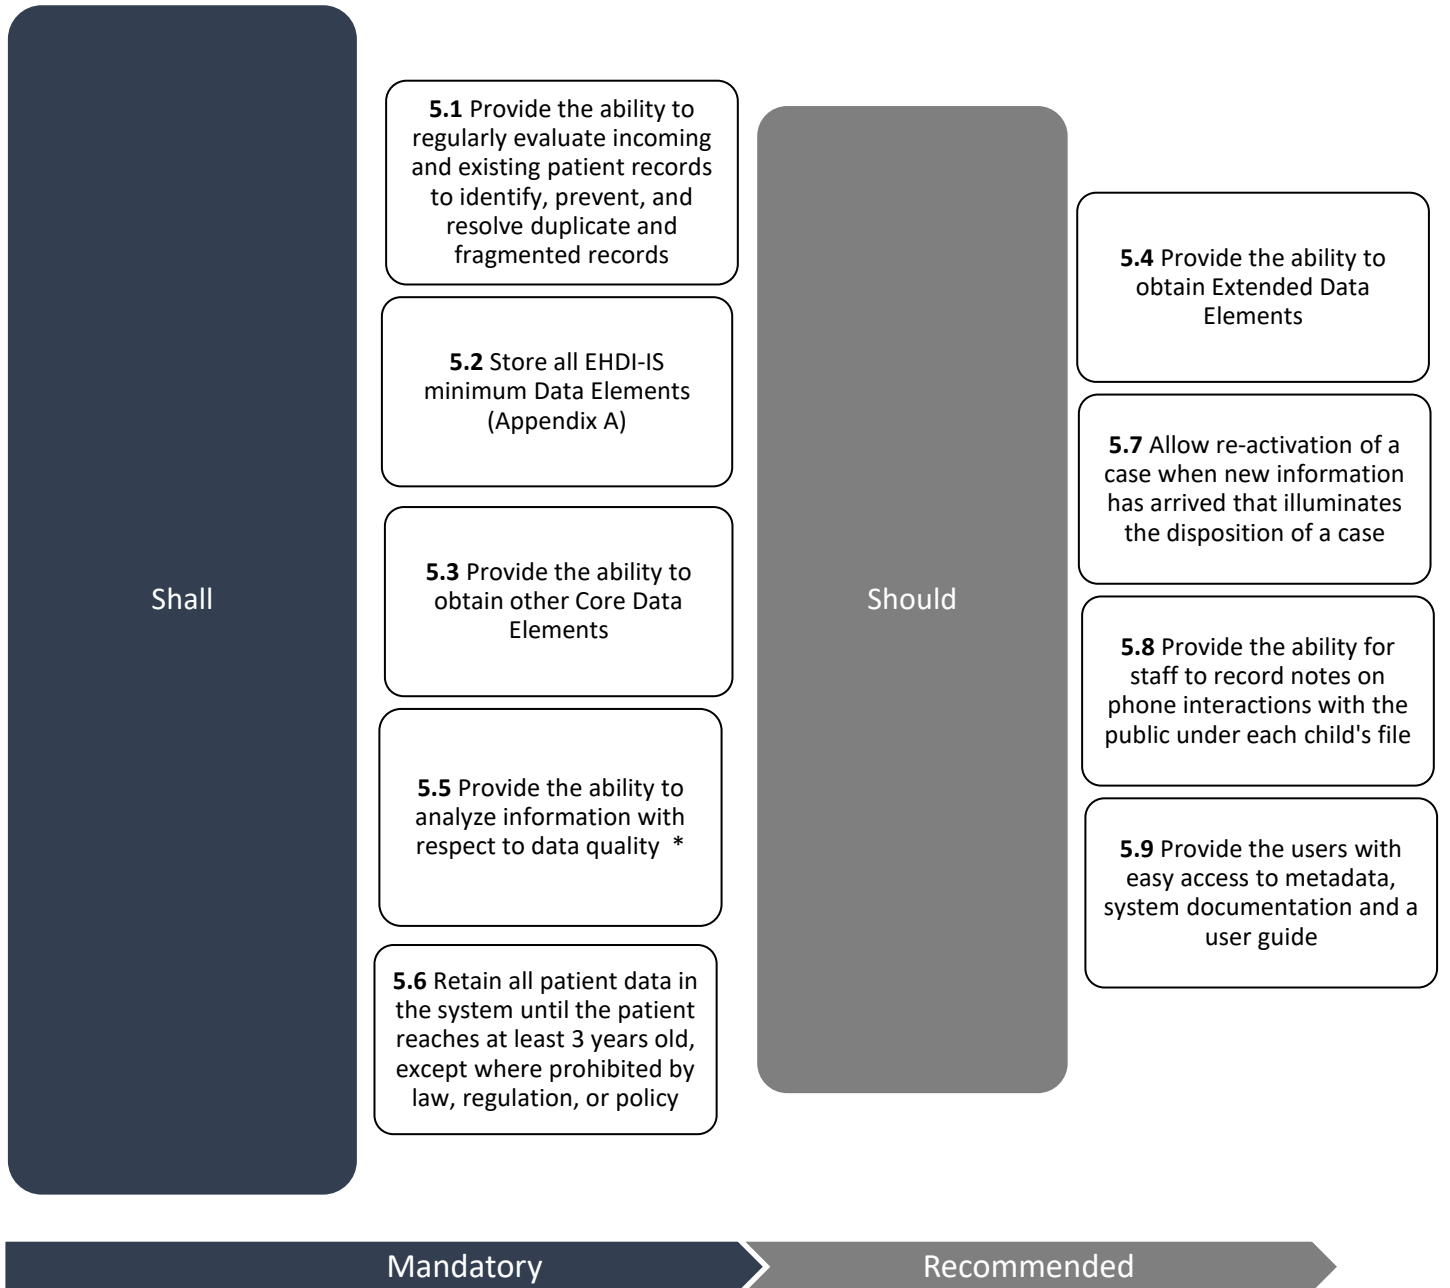

* In accordance with scope of practice, organizational policy and jurisdictional law

Goal 4: Document the enrollment status, delivery and outcome of early intervention (EI) services for infants and children with hearing loss <3 years old

* In accordance with scope of practice, organizational policy and jurisdictional law

Goal 5: Maintain data quality (accurate, complete, timely data) of individual newborn hearing screening, follow-up and diagnosis, early intervention and demographic information in the EHDI-IS

* In accordance with scope of practice, organizational policy and jurisdictional law

Goal 6: Preserve the integrity, security, availability and privacy of all personally-identifiable health and demographic data in the EHDI-IS

Shall

6.1 Have written confidentiality privacy practices and policies based on applicable law or regulation that protect all individuals whose data are contained in the system

6.2 Have written data sharing and confidentiality/privacy agreement with any other information systems which the system links to and/or shares data with

6.3 Have user access controls and logging, including distinct credentials for each user, least-privilege access, and routine maintenance of access privileges

6.4 Operated or hosted on secure hardware and software in accordance with industry standards for protected health information, including standards for security/encryption, uptime and disaster recovery

Mandatory

Goal 7: Enable evaluation and data analysis activities

Shall

7.1 Provide the ability for authorized users to extract and use data to assess program progress towards achieving national/jurisdictional benchmarks

Should

7.2 Provide the ability to generate performance measurement reports, as defined by the jurisdictional system evaluation plan

7.3 Provide the ability for authorized users to export data to other data management and analytical software tools such as MS Excel, SAS, SPSS, etc

Mandatory

Recommended

Goal 8: Support dissemination of EHDl information to authorized stakeholders

Shall

8.1 Provide the ability to generate, present and transmit standard and/or custom-defined reports for authorized users without assistance from system vendor or IT personnel

Should

8.2 Provide the ability for authorized healthcare providers to electronically access newborn hearing screening and follow-up service information of their patients

Mandatory

Recommended
