Community-At-Large Sector: List of Questions

The following pages list the questions for each module (demographic, physical activity, nutrition, tobacco, chronic disease management, and leadership) of the Community-At-Large sector. The questions are provided in the Excel spreadsheets of the CHANGE tool; below is an example of a Community-At-Large spreadsheet.

As an example, these are the questions asked in the leadership module. The following pages list all questions asked in all modules of the Community-At-Large sector.
Demographic

1. Approximate number of people who reside in the community (population).
2. Approximate size of the area (square miles).
3. Best description of the community setting: rural, suburban, urban
4. The median household income of the community:
   - < $25,000, $25,000 – $34,999, $35,000 – $49,999, $50,000 – $74,999, ≥ $75,000
5. Approximate percentage of people in the community with no high school diploma:
   - < 5%, 5 – 9%, 10 – 14%, 15 – 19%, ≥ 20%
6. Approximate percentage of people in the community who are living in poverty:
   - < 5%, 5 – 9%, 10 – 14%, 15 – 19%, ≥ 20%
7. Approximate percentage of people in the community who are currently unemployed:
   - < 5%, 5 – 9%, 10 – 14%, 15 – 19%, ≥ 20%

Physical Activity

To what extent does the community:
1. Require sidewalks to be built for all developments (e.g., housing, schools, commercial)?
2. Adopt a land use plan?
3. Require bike facilities (e.g., bike boulevards, bike lanes, bike ways, multi-use paths) to be built for all developments (e.g., housing, schools, commercial)?
4. Adopt a complete streets plan to support walking and biking infrastructure?
5. Maintain a network of walking routes (e.g., institute a sidewalk program to fill gaps in the sidewalk)?
6. Maintain a network of biking routes (e.g., institute a bike lane program to repave bike lanes when necessary)?
7. Maintain a network of parks (e.g., establish a program to repair and upgrade existing parks and playgrounds)?
8. Provide access to parks, shared-use paths and trails, or open spaces within reasonable walking distance of most homes?
9. Institute mixed land use?
10. Require sidewalks to comply with the Americans with Disabilities Act (ADA) (i.e., all routes accessible for people with disabilities)?
11. Provide access to public recreation facilities (e.g., parks, play areas, community and wellness centers) for people of all abilities?
12. Enhance access to public transportation (e.g., bus stops, light rail stops, van pool services, subway stations) within reasonable walking distance?
13. Provide street traffic calming measures (e.g., road narrowing, central islands, roundabouts, speed bumps) to make areas (e.g., neighborhoods, major intersections) where people are or could be physically active (e.g. walk, bike) safer?
14. Adopt strategies (e.g., neighborhood crime watch, lights) to enhance personal safety in areas (e.g., playgrounds, parks, bike lanes, walking paths, neighborhoods) where people are or could be physically active (e.g., walk, bike)?

Community-At-Large Sector Questions

An excerpt from the Community Health Assessment and Group Evaluation (CHANGE) Tool
CDC’s Healthy Communities Program

page 2 of 4
Nutrition

To what extent does the community:
1. Adopt strategies to encourage food retailers (e.g., grocery, corner or convenience stores; bodegas) to provide healthy food and beverage options (e.g., fresh produce) in underserved areas?
2. Encourage community garden initiatives?
3. Enhance access to public transportation (e.g., bus stops, light rail stops, van pool services, subway stations) to supermarkets and large grocery stores?
4. Provide access to farmers’ markets?
5. Accept Women, Infants and Children (WIC) Farmers' Market Nutrition Program vouchers or Food Stamp Benefits at local farmers' markets?
6. Connect locally grown foods to local restaurants and food venues?
7. Promote (e.g., signage, product placement, pricing strategies) the purchase of fruits and vegetables at local restaurants and food venues?
8. Institute healthy food and beverage options at local restaurants and food venues?
9. Institute nutritional labeling (e.g., ‘low fat,’ ‘light,’ ‘heart healthy,’ ‘no trans fat’) at local restaurants and food venues?
10. Provide smaller portion sizes at local restaurants and food venues?
11. Ban local restaurants and retail food establishments from cooking with trans fats?
12. Adopt strategies to recruit supermarkets and large grocery stores in underserved areas (e.g., provide financial incentives, lower operating costs, provide job training services)?
13. Provide comfortable, private spaces for women to nurse or pump in public places (e.g., government buildings, restaurants, retail establishments) to support and encourage residents’ ability to breastfeed?
14. Protect a woman's right to breastfeed in public places?

Tobacco

To what extent does the community:
1. Institute a smoke-free policy 24/7 for indoor public places?
2. Institute a tobacco-free policy 24/7 for indoor public places?
3. Institute a smoke-free policy 24/7 for outdoor public places?
4. Institute a tobacco-free policy 24/7 for outdoor public places?
5. Ban tobacco advertisement (e.g., restrict point-of-purchase advertising or product placement)?
6. Ban tobacco promotions, promotional offers, and prizes?
7. Regulate the number, location, and density of tobacco retail outlets?
8. Restrict the placement of tobacco vending machines (including self-service displays)?
9. Enforce the ban of selling single cigarettes?
10. Increase the price of tobacco products and generate revenue with a portion of the revenue earmarked for tobacco control efforts (e.g., taxes, mitigation fees)?
11. Provide access to a referral system for tobacco cessation resources and services, such as a quitline (e.g., 1-800-QUIT-NOW)?
Chronic Disease Management

To what extent does the community:
1. Enhance access to chronic disease self-management programs (e.g., Weight Watchers for overweight/obesity)?
2. Adopt strategies to educate its residents on the importance of obesity prevention?
3. Adopt strategies to educate its residents on the importance of controlling high blood pressure?
4. Adopt strategies to educate its residents on the importance of controlling cholesterol?
5. Adopt strategies to educate its residents on the importance of controlling blood sugar or insulin levels?
6. Adopt strategies to educate its residents on heart attack and stroke symptoms and when to call 9-1-1?
7. Adopt strategies to educate its residents on the importance of preventive care?
8. Provide emergency medical services (e.g., 9-1-1, transport system)?
9. Adopt strategies to address chronic disease health disparities?

Leadership

To what extent does the community:
1. Participate in community coalitions and partnerships (e.g., food policy council, tobacco-free partnership, neighborhood safety coalition) to address chronic diseases and related risk factors (e.g., poor nutrition, physical inactivity, tobacco use and exposure)?
2. Participate in the public policy process to highlight the need for community changes to address chronic diseases and related risk factors (e.g., poor nutrition, physical inactivity, tobacco use and exposure)?
3. Finance public shared-use paths or trails (by passing bonds, passing millages, levying taxes or getting grants)?
4. Finance public recreation facilities (by passing bonds, passing millages, levying taxes or getting grants)?
5. Finance public parks or greenways (by passing bonds, passing millages, levying taxes or getting grants)?
6. Finance public sports facilities (by passing bonds, passing millages, levying taxes or getting grants)?
7. Finance pedestrian enhancements (e.g., sidewalks, street crossing enhancements)?
8. Finance bicycle enhancements (e.g., bike lanes, bike parking, road diets)?
9. Address the community’s operating budget to make walking, bicycling, or other physical activities a priority?
10. Promote mixed land use through regulation or other incentives?
11. Institute a management program to improve safety within the transportation system?
