February 27, 2004

Dear Environmental Health Colleague:

The Environmental Health Services Branch is pleased to provide your agency with a copy of the Volusia County Health Department, (FL) Environmental Health Division's *Swimming Pools and Spas Interactive Training CD-ROM*. A full description of the training program and its benefits are described in the enclosed "Capacity Building Initiative: Swimming Pool Inspections".

This comprehensive training program will enhance the knowledge and practice of your environmental health staff in an important area of public health prevention. Your feedback on this innovative training method and suggestions for improvement will be appreciated. Also, please send us suggestions for additional environmental health training programs needed by your agency.

Other recent Environmental Health materials produced by our office and collaborative partners include:

- *A Strategy to Revitalize Environmental Public Health Services in the United States*
- *National Association of Local Boards of Health Environmental Health Primer*
- *Protocol for Assessing Community Excellence in Environmental Health (PACE EH)*
- *Recommendations for Core Competencies for Local Environmental Health Practitioners*
- *Stormwater Management and Vector Breeding Habitats Fact Sheet*
- *Managing Rodents and Mosquitoes Through Integrated Pest Management Webcast*
- *Morbidity Mortality Weekly Reports - Surveillance Data from Swimming Pool Inspections*
- *International Food Safety Icons*
- *Environmental Health ListServ*

More information on these publications and projects can be found on our website:  
<http://www.cdc.gov/nceh/ehs> .
