## Vessel Sanitation Program

**Keeping you healthy on the high seas**

### Medical Center: Review and Interview

- **Review**
  - Medical record checks for people who had had 
    previous illnesses and potential health risks.
  - Inspectors check for the availability of medical supplies and equipment.

- **Interview**
  - Inspectors conduct interview with the medical officer.
  - The interview should cover the physician's qualifications and experience.

### Potable Water Systems: Review and Sample

- **Review**
  - Inspectors review the potable water system, including filters, 
    storage tanks, and dispensers.

- **Sample**
  - Inspectors take samples for analysis to ensure compliance with standards.

### Galleys and Dining Rooms: Review, Inspections, and Interviews

- **Review**
  - Inspectors review the sanitary equipment and practices.

- **Interview**
  - Inspectors conduct interviews with kitchen staff.

### Swimming Pools & Whirlpools: Review and Inspection

- **Review**
  - Inspectors review the pool area, including cleanliness and 
    maintenance of the pool and surrounding areas.

### Housekeeping: Review and Interview

- **Review**
  - Inspectors review the housekeeping practices and equipment.

- **Interview**
  - Inspectors conduct interviews with the housekeeping staff.

### Pest and Insect Management: Interview and Review

- **Interview**
  - Inspectors interview the pest control personnel.

- **Review**
  - Inspectors review the pest control measures and equipment.

### Child Activity Centers: Review, Inspections, and Interview

- **Review**
  - Inspectors review the activity centers for cleanliness and 
    appropriateness for children.

### Heating, Ventilation, and Air Conditioning (HVAC): Review

- **Review**
  - Inspectors review the HVAC system for proper function and 
    maintenance.

---

**Notes:**

- Inspectors should conduct thorough reviews of all areas to ensure compliance with standards.
- Inspections should be conducted regularly to maintain high standards of health and safety.
