Critical COVID-19 Response and Base Infectious Disease Funding Awarded to 64 Domestic Health Departments in 2020

The focus of the 2019-2024 ELC Cooperative Agreement (CoAg) is to strengthen core public health program growth while providing crucial flexibility needed to address emerging infectious disease issues.

Since 1995, the ELC program has been critical to U.S. health departments' ability to combat infectious diseases.

Through ELC's CoAg, all 50 states, several large metro areas, and U.S. territories and affiliates receive direct financial support to detect, respond to, control, and prevent infectious diseases.
