

	<h2>Meeting Agenda</h2>	
	<p>October 11-12, 2018 Location: CDC Corporate Square 8, Rooms 1A/1B/1C</p>	

October 11 th	Topic	Presenter
9:00am-9:15am	Welcome and introductions	Michelle Van Handel, and Kwame Owusu-Edusei (NCHHSTP OD)
9:15am-10:30am	Presentations on tuberculosis (<i>chair: Suzanne Marks</i>) <ul style="list-style-type: none"> ▪ TabbyII: A user-friendly tool for comparing state-level TB intervention options. ▪ Modeling the cost-effectiveness of interventions to eliminate TB in four states. ▪ Back-calculating the prevalence of latent TB infection in the United States at the state and county level. ▪ Understanding the epidemiology of TB in California: A comparison of three transmission models. 	Christian Testa (Harvard University) Youngji Jo (Johns Hopkins University) Ali Mirzazadeh (UCSF) and Andrew Hill (NCHHSTP DTBE) Priya Shete (UCSF), Andrea Parriott (UCSF), Nick Menzies (Harvard University), Sourya Shrestha (Johns Hopkins University)
10:30am-12:30pm	Lunch (on your own from Which Wich; Room 1C)	
12:30pm-1:45pm	Presentations on viral hepatitis (<i>chair: Blythe Ryerson</i>) <ul style="list-style-type: none"> ▪ Improved estimation of state-level hepatitis C prevalence, 2013-2016. ▪ Modeling PWID networks to evaluate HCV control interventions. ▪ HCV testing and treatment at U.S. Federally Qualified Health Centers during the opioid epidemic: a cost-effectiveness analysis. 	Elizabeth Rosenthal (State University of New York at Albany) Lin Zhu (Harvard University) Sabrina Assoumou (Boston University), Ben Linas (Boston University)
1:45pm-2:00pm	Break	
2:00pm-5:00pm	Breakout sessions	
6:00pm	Dinner (on your own at Verde Taqueria)	

	<h2>Meeting Agenda</h2>	
	<p>October 11-12, 2018 Location: CDC Corporate Square 8, Rooms 1A/1B/1C</p>	

October 12 th	Topic	Presenter
9:00am-10:15am	Presentations on Sexually Transmitted Diseases (<i>chair: Tom Gift</i>) <ul style="list-style-type: none"> ▪ Considerations for modeling expedited partner therapy and partner services for MSM. ▪ Agent-based model of multi-site gonorrhea transmission in MSM. ▪ The prospect of point-of-care testing for prevention of chlamydia-associated burden. ▪ Estimating the proportion of HIV incidence attributable to gonorrhea and chlamydia among men who have sex with men in the US. 	Sam Jenness (Emory University) Rebecca Earnest (Harvard University) Minttu Rönn (Harvard University) Jeb Jones (Emory University)
10:15am-10:30am	Break	
10:30am-12:10pm	Presentations on Adolescent and School Health and HIV/AIDS (<i>co-chairs: Richard Dunville and Kevin Delaney</i>) <ul style="list-style-type: none"> ▪ Risk of HIV transmission and acquisition among men who have sex with men infected with other sexually transmitted infections: a systematic review. ▪ Comprehensive HIV prevention for MSM in the United States. ▪ User-friendly tool for predicting short-term impacts of behavior change on HIV/STI burden among adolescents. ▪ Modeling the joint effects of adolescent and adult PrEP for sexual minority males in the US. 	Mohsen Malekinejad (UCSF) Sam Jenness (Emory University) Steve Goodreau (University of Washington) Deven Hamilton (University of Washington)
12:10pm-12:30pm	Break	
12:30pm-1:30pm	Lunch (on your own from Which Wich; Room 1C)	
1:30pm-5:00pm	Breakout sessions	
5:00pm	Adjourn
