

## **CDC HIV PrEP Guidelines: Why is PrEP important?**

Transcript:

Well, while a vaccine or cure may one day end the HIV epidemic, PrEP is a powerful new tool that has the potential to alter the course of HIV in the United States today. And these new guidelines represent an important step towards fully realizing the promise of PrEP. We should continue to build on this momentum by ensuring that PrEP is used by the right people, in the right way, in the right circumstances.
