**NATIONAL AMBULATORY MEDICAL CARE SURVEY**

**2016 PATIENT RECORD**

**REASON FOR VISIT**

List the first 5 reasons for visit (i.e., symptoms, problems, issues, concerns of the patient) in the order in which they appear. Start with the chief complaint and then move to the patient history for additional reasons.

1. Most important
2. Other
3. Other
4. Other
5. Other

**INJURY**

Is this visit related to an injury/trauma, overdose/poisoning, or adverse effect of medical/surgical treatment? (Exclude this visit.)

1. Yes, injury/trauma
2. Yes, overdose/poisoning
3. Yes, adverse effect of medical or surgical treatment or adverse effect of medication
4. No
5. Unknown

For adverse effect SKIP to Cause:

**CONTINUITY OF CARE**

As specifically as possible, list diagnoses related to this visit including chronic conditions.

1. Primary diagnosis
2. Other
3. Other
4. Other
5. Other

Regardless of the diagnoses previously entered, does the patient now have:

1. Alcohol misuse, abuse or dependence
2. Chronic obstructive pulmonary disease (COPD)
3. Asthma
4. Attention deficit disorder (ADD)/Attention deficit hyperactivity disorder (ADHD)
5. Cancer
6. Cardiovascular disease
7. Chronic kidney disease (CKD)
8. Chronic obstructive pulmonary disease (COPD)
9. Diabetes mellitus (DM), Type I (IDDM)
10. Diabetes mellitus (DM), Type II
11. Depression
12. Hypertension
13. History of pulmonary embolism (PE), deep vein thrombosis (DVT), or venous thromboembolism (VTE)
14. HIV infection/AIDS
15. Hypothyroidism
16. Hypertension
17. Hypothyroidism
18. Hyperlipidemia
19. Hypercholesterolemia
20. Hypothyroidism
21. Hypothyroidism
22. Hypothyroidism
23. Hypothyroidism
24. Hypothyroidism
25. Hypothyroidism
26. Hypothyroidism
27. Hypothyroidism
28. Hypothyroidism
29. Hypothyroidism
30. Hypothyroidism

Complete if Asthma box is marked.

**DIAGNOSIS**

Acute severity: [ ] Intermittent
[ ] Mild persistent
[ ] Moderate persistent
[ ] Severe persistent
[ ] Other – Specify

Asthma control: [ ] Well controlled
[ ] Not well controlled
[ ] Very poorly controlled
[ ] Other – Specify

None recorded
### Examinations/Screenings:

- Alcohol misuse screening
- breast
- Depression screening
- Domestic violence screening
- Foot
- Neurologic
- Pelvic
- Rectal
- Retinal/Eye
- Skin
- Substance abuse screening (includes NIDA/NM ASSIST, CAAN/AD, DAST-10)

### Laboratory tests:

- Basic metabolic panel (BMP)
- CBC
- Chlamydia test
- Comprehensive metabolic panel (CMP)
- Creatinine/Renal function panel
- Culture, blood
- Culture, throat
- Culture, urine
- Culture, other
- Glucose, serum
- Gonorrhea test
- Hepatitis testing
- HIV test
- HPV DNA test
- Hepatitis C test
- HbA1c (Glycohemoglobin)
- Lipid profile/panel
- Liver enzymes/Hepatic function panel
- Mammography
- MRI
- X-ray
- Urinalysis (UA) or urine dipstick
- Vitamin D test

### Imaging:

- Bone mineral density
- CT scan
- Echocardiogram
- Other ultrasound
- Mammography
- MRI
- X-ray

### Procedures:

- Biopsy
- Biopsy provided?
- Colonoscopy
- Colonoscopy provided?
- Cystoscopy
- Cystoscopy provided?
- Distention of tissue
- Destruction of tissue

### Medications & Immunizations

List up to 30 medications.

### Tests

**Was blood for the following laboratory tests drawn on the day of the sampled visit during the 12 months prior to the visit?**

1. **Total Cholesterol**
   - Yes
   - None found

2. **High density lipoprotein (HDL)**
   - Yes
   - None found

3. **Low density lipoprotein (LDL)**
   - Yes
   - None found

4. **Triglycerides (TGs)**
   - Yes
   - None found

5. **HbA1c ( Glycated hemoglobin)**
   - Yes
   - None found

6. **Blood glucose (BG)**
   - Yes
   - None found

7. **Serum creatinine**
   - Yes
   - None found

### CPT Codes

Enter Current Procedural Terminology (CPT) or Healthcare Common Procedure Coding System (HCPCS) code. Up to 18 CPT codes can be listed.

### Health Education/Counseling

- Alcohol abuse counseling
- Asthma action plan given to patient
- Asthma education
- Asthma education
- Exercise
- Family planning/Contraception
- Genetic counseling
- Growth/Development
- Injury prevention
- STD prevention
- Stress management
- Substance abuse counseling
- Tobacco use/Exposure
- Weight reduction

### Other Services not listed:

- Other service – Specify

---

**Enter Current Procedural Terminology (CPT) or Healthcare Common Procedure Coding System (HCPCS) code. Up to 18 CPT codes can be listed.**

**Enter 0 if no provider seen**

**Mark (X) all providers**

**Mark (X) all Examinations/Screenings, Laboratory tests, Imaging, Procedures, Treatments, Health education/Counseling, and Other services**

**Up to 5 other services can be listed.**

**Mark (X) all CPT codes**
