

# Governance Issues for the Health Indicators Warehouse

NCHS Board of Scientific Counselors  
January 28, 2011

# Statistical standards issues

- Nationwide coverage only?
- Public use data and metadata only?
- Inclusion of non-federal data?
- Specified standards for metadata and formatting?
- Responsibility for quality and validity?
  - Submitting organization
  - NCHS
- Modeled estimates?

# Priority setting issues

- Requesting organization?
  - HHS agency
  - Other federal agency
  - State and local government agencies
  - Other community-based organizations
  - Applications developers
- Contributing organization?
  - Data
  - Resources
- Visibility of the issue/policy relevance?
- Data quality
