### Source of Funds

*Out-of-pocket spending for personal health care expenditures grew less rapidly than Medicare, Medicaid, and private insurance spending from 1999 to 2009.*

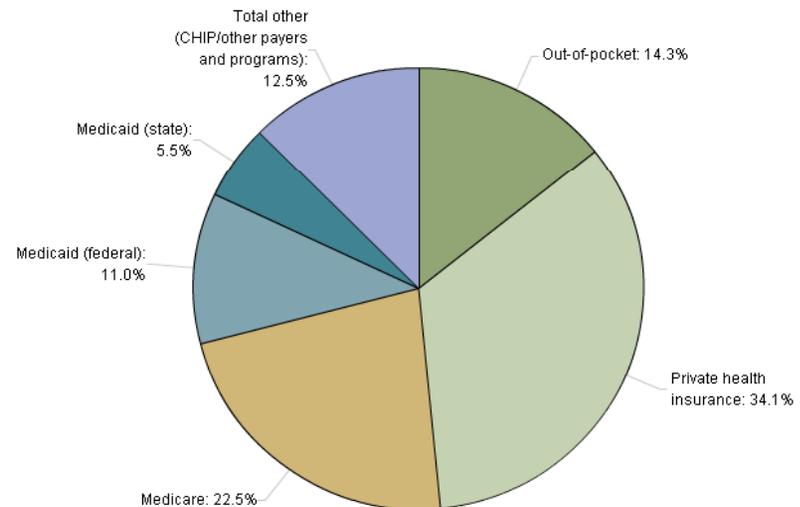

Between 1999 and 2009, total personal health care expenditures grew from \$1.1 trillion to \$2.1 trillion. During this period, the average annual growth in Medicare expenditures was 9%, for Medicaid and private insurance 7%, and for out-of-pocket spending 5%. In 2009, 34% of personal health care expenditures were paid by private health insurance, 23% by Medicare, 17% by Medicaid, 14% out of pocket, and less than 1% by the Children's Health Insurance Program (CHIP).

### Health Care Resources

#### Patient Care Physicians per Population

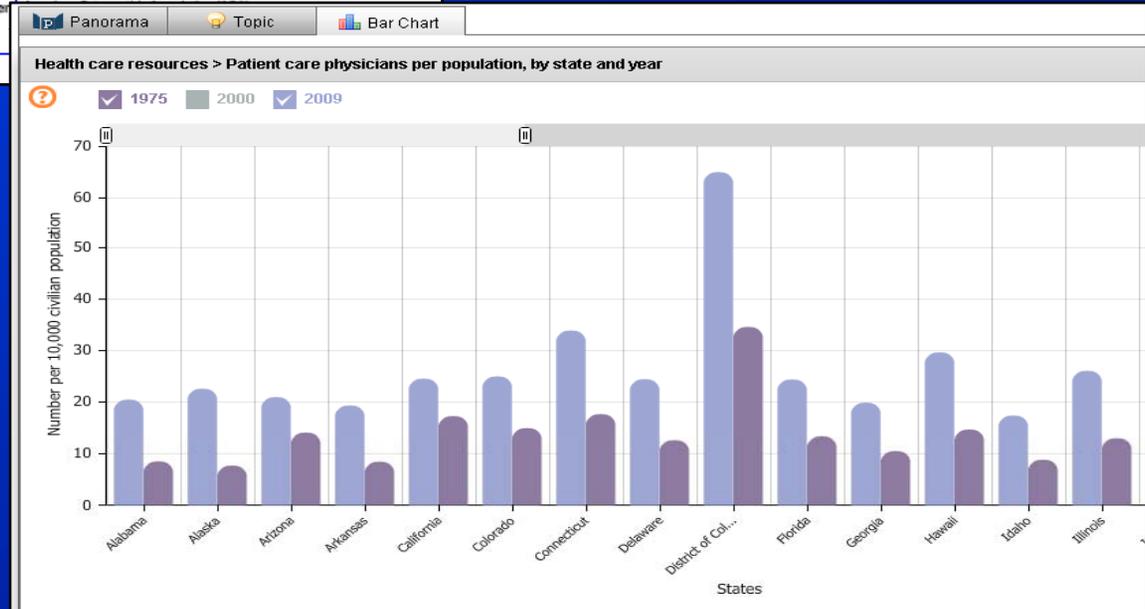

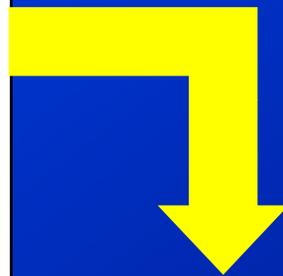

Figure 19. Patient care physicians per 10,000 population, by state: United States, 2009

The number of patient care physicians per 10,000 population in the United States in 2009 ranged from a high of 40 in Massachusetts to a low of 17 in Idaho and Mississippi.

On average, there were 25 patient care physicians per 10,000 population in the United States in 2009. The New England states, Mid-Atlantic states, District of Columbia, Maryland, Hawaii, and Minnesota were in the highest quartile (27 or more patient care physicians per 10,000 population). States in the lowest quartile (17-21 patient care physicians per 10,000 population) included parts of the South and some of the Mountain states, along with Iowa and Indiana.

The screenshot shows the CDC website interface. At the top left is the CDC logo and the text "Centers for Disease Control and Prevention" with the tagline "CDC 24/7: Saving Lives. Protecting People.™". To the right is a search bar with a "SEARCH" button. Below this is a navigation bar with "A-Z Index" and a list of letters from A to Z, plus a hash symbol. The main heading is "Publications and Information Products". On the left is a sidebar menu for "Health, United States" with options: "Getting Started", "Report Description", "Frequently Asked Questions", "Join Electronic Mailing List", "Previous Reports", "Suggested Citation", and "Purchase Health, United States". The main content area features a breadcrumb trail "NCHS Home > Publications & Information Products", social sharing buttons for "Recommend" (281), "Tweet" (149), and "Share", and a "Like NCHS on Facebook" button. The title "Health, United States, 2011" is prominently displayed, followed by the text "Health, United States is an annual report on trends in health statistics." Below this is a "2011 Edition" section with a grid of links: "What's New!", "Complete Report", "At a Glance Table", "Highlights", "Chartbook", "Trend Tables", "Appendixes", and "Index". On the right side, there are more social and utility buttons: "Email page link", "Print page", and "Get email updates". At the bottom right, there is a thumbnail image of the "Health, United States, 2011" report cover, which features a map of the United States with a purple and blue color scheme.
