¹Total persons enrolled in hospital insurance, supplementary medical insurance, or both, as of July 1. Includes fee-for-service and managed care enrollees.

²Includes enrollees in Medicare-approved managed care organizations. See Appendix II, Managed care.

³Data are for fee-for-service enrollees only.

⁴Includes residents of any of the 50 states and the District of Columbia.

NOTES: Prior to 2004, enrollment and percent of enrollees in managed care were based on a 5% annual Denominator File derived from the Centers for Medicare & Medicaid Services' (CMS') Enrollment Database. Starting with 2004 data, the 100% Denominator File was used. Payments per fee-for-service enrollee are based on fee-for-service billing reimbursement for a 5% sample of Medicare beneficiaries as recorded in CMS' National Claims History File. Short-stay hospital utilization is based on the Medicare Provider Analysis and Review (MEDPAR) stay records for a 20% sample of Medicare beneficiaries. Estimates may not sum to totals because of rounding. State based on residence of the beneficiary. The 2009 payment data reported in this table have not been finalized and are subject to revision. Data for additional years are available. See Appendix III.
