¹Medicare enrollees in managed care plans are not included in the denominator used to calculate average payments.

NOTES: Table includes data for Medicare enrollees residing in Puerto Rico, U.S. Virgin Islands, Guam, other outlying areas, foreign countries, and unknown residence. Prior to 2004, number of fee-for-service enrollees, fee-for-service program payments, and fee-for-service billing reimbursement were based on a 5% annual Denominator File derived from the Centers for Medicare & Medicaid Services' (CMS) Enrollment Database and the fee-for-service claims for a 5% sample of beneficiaries as recorded in CMS' National Claims History File. Starting with 2004 data, the 100% Denominator File was used. See Appendix I, Medicare Administrative Data; Appendix II, Medicare. The 2009 and 2010 payment data reported in this table have not been finalized and are subject to revision. Data for additional years are available. See Appendix III.
