¹Includes data from schools in Puerto Rico.

²Includes new entrants and those repeating the initial year.

³May also include persons enrolled in first-year classes for data years 1980–1981 and 2006–2007.

⁴Starting with 2005–2006 data, first-year enrollment for pharmacy schools include Pharm.D.1 enrollments only. Prior to 2005, first-year enrollment data include both Pharm.D.1, B.S. Pharmacy, and B.Pharm. enrollments. Includes second from last year for baccalaureate and third from last year for Pharm.D.1 and does not include first-year enrollees in accelerated programs. In 2006, one pharmacy school did not report enrollment data.

⁵First-year enrollment data for podiatry in 1980–1981 are reported as of the beginning of the academic year.

⁶Starting with 2006–2007 data, first-year enrollment data for public health schools include Spring, Summer, and Fall enrollment. All other data years include Fall enrollment only and are not directly comparable.

⁷Includes data from a school of public health in Mexico as of 2007.

⁸Data reflect the number of graduates for the previous academic year. For example, the number of pharmacy graduates reported in 2009–2010 graduated from the period September 2008 to August 2009.

⁹Includes schools with preliminary and provisional accreditation, in addition to fully accredited schools.

NOTE: Data on the number of schools and first-year enrollments are reported as of the beginning of the academic year, while data on the number of graduates are reported as of the end of the academic year.
