</table>

<sup>1</sup>Persons of Hispanic origin may be of any race. Starting with 2003 data, some states reported multiple-race data. The multiple-race data for these states were bridged to the single-race categories of the 1977 Office of Management and Budget standards, for comparability with other states. See Appendix II, Hispanic origin; Race.

<sup>2</sup>Includes all infant deaths not shown separately.

<sup>3</sup>Infant is under age 1 year.

NOTES: Rates based on a period file using weighted data. Also see Table 10.
