--- Data not available.

† Data are estimated. See OECD website for updated data and additional information. Available at: <http://www.oecd.org/>.

†† Break in series. See OECD website for updated data and additional information. Available at: <http://www.oecd.org/>.

<sup>1</sup> In 1993, Czechoslovakia was divided into two nations, the Czech Republic and Slovakia. Data for years prior to 1993 are from the Czech and Slovak regions of Czechoslovakia.

<sup>2</sup> Until 1990, estimates refer to the Federal Republic of Germany; from 1995 onward data refer to Germany after reunification.

<sup>3</sup> Statistical data for Israel are supplied by, and under the responsibility of, the relevant Israeli authorities. The use of such data by OECD is without prejudice to the status of the Golan Heights, East Jerusalem, and Israeli settlements in the West Bank under the terms of international law.

NOTES: Differences in life expectancy may reflect differences in reporting and calculation methods, which can vary by country, in addition to actual differences in mortality rates. Therefore, ranks are not presented and comparisons among countries should be made with caution. See Appendix II, Life expectancy. Some estimates for selected countries and selected years were revised and differ from previous editions of *Health, United States*.
