

**CLASSIFICATION OF DISEASES AND INJURIES**

The following tabular addenda entry, in the previously released **ICD-9-CM TABULAR ADDENDA October 1, 2008 (FY09)**, contained an error that did not match the official ICD-9-CM CD-ROM. The entry below represents how it should have appeared in the addenda document.

355 Mononeuritis of lower limb

355.7 Other mononeuritis of lower limb

355.71 Causalgia of lower limb

Add Excludes: complex regional pain syndrome type II of upper limb (354.4)
