Healthcare Personnel Safety Component

Healthcare Personnel Vaccination Module
Influenza Vaccination Summary
Objectives

- Provide an overview of the National Healthcare Safety Network (NHSN) and the Healthcare Personnel (HCP) Vaccination Module
- Review how to get started in the Healthcare Personnel Safety (HPS) Component
- Describe reporting requirements for the HCP Influenza Vaccination Summary
- Review entering data for the HCP Influenza Vaccination Summary
  - HCP Safety Monthly Reporting Plan
  - HCP Influenza Vaccination Summary
- Outline data analysis features
Overview of NHSN
Purposes of NHSN

- NHSN is a secure, Internet-based surveillance system managed by the CDC’s Division of Healthcare Quality Promotion (DHQP) that is used to:
  - Collect data from a sample of healthcare facilities to permit valid estimations of the:
    - Magnitude of adverse events
    - Adherence to practices to prevent adverse events
  - Analyze and report collected data to permit recognition of trends
  - Provide facilities with data that can be used for inter-facility comparisons and local quality improvement activities
Purpose of NHSN

- Enable healthcare facilities to report healthcare-associated infections (HAI) and prevention practice adherence data via NHSN to the U.S. Centers for Medicare and Medicaid Services (CMS) in fulfillment of CMS’s quality measurement reporting requirements for those data.

A comprehensive list of purposes can be found on the Website: http://www.cdc.gov/nhsn/
Assurance of Confidentiality

“The voluntarily provided information obtained in this surveillance system that would permit identification of any individual or institution is collected with a guarantee that it will be held in strict confidence, will be used only for the purposes stated, and will not otherwise be disclosed or released without the consent of the individual, or the institution in accordance with Section 304, 306, and 308(d) of the Public Health Service Act (42 USC 242b, 242k, and 242m(d)).”
NHSN Structure

NHSN

- Patient Safety Component
- HPS Component
- Biovigilance Component
- Long-Term Care Facility Component
  - HCP Exposure Module
  - HCP Vaccination Module
The HPS Component consists of two modules:

- **HCP Exposure Module**
  - Blood/Body Fluid Exposure Only
  - Blood/Body Fluid Exposure with Exposure Management
  - Influenza Exposure Management

- **HCP Vaccination Module**
  - Influenza Vaccination Summary

The Influenza Vaccination Summary within the HCP Vaccination Module is designed to assist staff in healthcare facilities to monitor influenza vaccination percentages among HCP.
Overview of the HCP Influenza Vaccination Summary
HCP Influenza Vaccination Summary

- The HCP Vaccination Module allows NHSN users to report HCP influenza vaccination summary data.

- HCP influenza vaccination summary data is designed to ensure that reported HCP influenza vaccination coverage is:
  - Consistent over time within a single healthcare facility
  - Comparable across facilities

- Improvements in tracking and reporting HCP vaccination status may allow for identification and targeting of unvaccinated HCP.
HCP Influenza Vaccination Summary

- Data are collected on denominator and numerator categories
  - Denominator categories:
    - HCP must be physically present in the facility for at least 1 working day between October 1 through March 31
    - Includes both full-time and part-time HCP
      - Employee HCP
      - Non-employee HCP: Licensed independent practitioners (physicians, advance practice nurses, and physician assistants)
      - Non-employee HCP: Adult students/trainees and volunteers
  - Numerator categories:
    - Influenza vaccinations, medical contraindications, declinations, and unknown status
- Facilities are required to report all numerator categories for the three denominator categories
Getting Started in the HPS Component
Key Roles in NHSN

- **Facility Administrator**
  - The person enrolling the facility in NHSN
  - Only person who can activate additional components for a facility
  - Has add/edit/delete rights to facility data, users, and users’ access
  - Has authority to nominate/join groups for data sharing
  - Only person who can re-assign the role of Facility Administrator to another user
  - There is only one Facility Administrator per facility

- **Users**
  - Rights are determined by Facility Administrator: view data, data entry, and data analysis
  - May be given administrative rights
Getting Started in the HPS Component

- **Enrolling in NHSN**
  - Facilities that are currently not participating in NHSN and wish to participate must enroll their facility in NHSN
    - Please visit [http://www.cdc.gov/nhsn/enroll.html](http://www.cdc.gov/nhsn/enroll.html) for more information regarding the enrollment process
  - During the enrollment process, facilities may choose to participate in any of the NHSN components

- **Activating the HPS Component**
  - Facilities that are already enrolled in NHSN and wish to participate in the HPS Component must activate the component within NHSN
Getting Started in the HPS Component

- Are you unsure of your facility’s status with NHSN?
  - E-mail nhsn@cdc.gov

1. **Is your facility enrolled in NHSN?**
   - No: Choose an NHSN Facility Administrator → Five-Step Enrollment Process
   - Yes: NHSN Facility Administrator activates the HPS Component → Facility Administrator adds Administrative User
Activating HPS Component for Existing NHSN Facilities

- Only the NHSN Facility Administrator can activate a new component

- NHSN Facility Administrator adds users
  - Users with administrative rights will be able to add additional HPS Component users and share data using the Group function for the HPS Component
Activating the HPS Component

- Facility Administrator logs into https://sdn.cdc.gov
  - Under “My Applications” select NHSN Reporting
  - Log into any active component

- From the Home Page, click “Facility” then “Add/Edit Component”
  - Check box next to Healthcare Personnel Safety

- Facility Administrator adds HPS Component Primary Contact
  - Enter name, phone, e-mail, and address for person to be contacted if CDC/NHSN has updates or questions about the HPS Component
Activating the HPS Component

- Facility Administrator adds HPS Component Primary Contact as a user within the NHSN facility
  - Click “Users” on the navigation bar, then click “Add”
  - Complete “Add User” screen mandatory fields
    - User ID – created by the facility
    - First Name
    - Last Name
    - E-mail Address – Must be an active/correct address for the user

- Other users are added by the Facility Administrator or new HPS Component Primary Contact
User Rights

- Any user with administrative rights can add users.
- After saving the new user information, the “Edit User Rights” screen will appear.
- Please be sure to confer the proper rights to users.
New Users to NHSN

- After receiving a welcome e-mail to NHSN, follow the steps outlined here:
- Agree to NHSN rules of behavior
- Apply for and install digital certificate
- Log into NHSN facility
  - [https://sdn.cdc.gov](https://sdn.cdc.gov)
Reporting Requirements for the HCP
Influenza Vaccination Summary
HCP Influenza Vaccination Summary Protocol

- The protocol is a facility’s guide to collecting and reporting Influenza Vaccination Summary data for the HCP Vaccination Module:
  
  http://www.cdc.gov/nhsn/acute-care-hospital/hcp-vaccination/index.html#pro

- It outlines reporting requirements and specifications
  - Data collection forms
  - Denominator categories and notes
  - Numerator categories and notes
  - Data sources
  - Methodology
  - Calculations for data analyses in NHSN
  - Table of instructions
  - Key terms
Denominator Categories

- **Employee HCP**
- **Non-Employee HCP: Licensed independent practitioners (physicians, advance practice nurses, and physician assistants)**
- **Non-Employee HCP: Adult students/trainees and volunteers**
- **HCP must be physically present in the facility for at least 1 working day between October 1 through March 31**
Denominator Categories: Employee HCP

- Employees (staff on facility payroll) [Required]
  - Defined as all persons that receive a direct paycheck from the healthcare facility (i.e., on the facility’s payroll), regardless of clinical responsibility or patient contact
Denominator Categories: Non-Employee HCP: Licensed Independent Practitioners

- **Licensed Independent Practitioners** [Required]
  - Defined as physicians (MD, DO); advanced practice nurses; and physician assistants only who are affiliated with the healthcare facility, but are not directly employed by it (i.e., they do not receive a paycheck from the facility), regardless of clinical responsibility or patient contact. Post-residency fellows are also included in this category.
Denominator Categories: Non-Employee HCP: Adult Students/Trainees and Volunteers

- Adult students/trainees and volunteers [Required]
  - Defined as adult students/trainees and volunteers: medical, nursing, or other health professional students, interns, medical residents, or volunteers aged 18 or older that are affiliated with the healthcare facility, but are not directly employed by it (i.e., they do not receive a paycheck from the facility), regardless of clinical responsibility or patient contact
Denominator Categories: Non-Employee HCP: Other Contract Personnel

- **Other contract personnel** [Optional]
  - Defined as persons providing care, treatment, or services at the facility through a contract
  - There are several types of personnel who provide direct care and non-direct services. Examples include:
    - Dialysis technicians
    - Occupational therapists
    - Admitting staff
    - Pharmacists
  - Refer to Appendix A of the HCP Influenza Vaccination Summary Protocol for suggested list of contract personnel

http://www.cdc.gov/nhsn/acute-care-hospital/hcp-vaccination/index.html#pro
Numerator Categories

- The numerator includes HCP who received an influenza vaccination during the time from when the vaccine became available (e.g., August or September) through March 31 of the following year.

- Influenza vaccinations
  - Received at this healthcare facility or elsewhere

- Medical contraindications

- Declinations

- Unknown status

<table>
<thead>
<tr>
<th>Employee HCP</th>
<th>Non-Employees</th>
</tr>
</thead>
<tbody>
<tr>
<td>*Employees (staff on facility payroll)</td>
<td>*Licensed independent practitioners: Physicians, advanced practice nurses, &amp; physician assistants</td>
</tr>
</tbody>
</table>

1. Number of HCP who worked at this healthcare facility for at least 1 day between October 1 and March 31
2. Number of HCP who received an influenza vaccination at this healthcare facility since influenza vaccine became available this season
3. Number of HCP who provided a written report or documentation of influenza vaccination outside this healthcare facility since influenza vaccine became available this season
4. Number of HCP who have a medical contraindication to the influenza vaccine
5. Number of HCP who declined to receive the influenza vaccine
6. Number of HCP with unknown vaccination status (or criteria not met for questions 2-5 above)
Numerator Categories

- HCP who received an influenza vaccination at this healthcare facility since influenza vaccine became available this season
- HCP who provided a written report or documentation of influenza vaccination outside this healthcare facility since influenza vaccine became available this season
  - Acceptable forms of documentation include:
    - A signed statement or form, or an electronic form or e-mail from a healthcare worker (HCW) indicating when and where he/she received the influenza vaccine
    - A note, receipt, vaccination card, etc. from the outside vaccinating entity stating that the HCW received the influenza vaccine at that location
  - Verbal statements are not acceptable
Numerator Categories

- HCP who have a medical contraindication to the influenza vaccine
  - For this module, for inactivated influenza vaccine (IIV), accepted contraindications include:
    - (1) severe allergic reaction (e.g., anaphylaxis) after a previous vaccine dose or to a vaccine component, including egg protein; or
    - (2) history of Guillain-Barré Syndrome within 6 weeks after a previous influenza vaccination.

- HCP who have a medical contraindication to live attenuated influenza vaccine (LAIV) other than the medical contraindications listed above, should be offered IIV by their facility, if available

- Documentation is not required for reporting a medical contraindication (verbal statements are acceptable)
Numerator Categories

- HCP who declined to receive the influenza vaccine
  - Documentation is not required for reporting declinations (verbal statements are acceptable)

- HCP with unknown vaccination status (or criteria not met for above-mentioned categories)
Notes on Reporting Requirements

- Facilities are only required to report data once at the conclusion of reporting period (October 1 through March 31).

- HCP who are **physically present** in the healthcare facility for at least 1 working day between October 1 through March 31 are included in the denominator.

- HCP in the denominator population who received an influenza vaccination during the time from when the vaccine became available (e.g., August or September) through March 31 of the following year are included in the numerator.
Notes on Reporting Requirements

- The denominator categories are mutually exclusive. The numerator data are to be reported separately for each of the denominator categories.

- The numerator data are mutually exclusive. The sum of the numerator categories should be equal to the denominator for each HCP group.
Entering Data for the HCP Influenza Vaccination Summary
Required and Optional Reporting Forms

- After enrolling in NHSN and/or activating the HPS Component and adding users:
  - Complete Required Forms
    - HCP Safety Monthly Reporting Plan
    - HCP Influenza Vaccination Summary Form
  - Complete Optional Form
    - Seasonal Survey on Influenza Vaccination Programs for HCP
Log into NHSN

- If digital certificate is correctly installed, you will immediately be able to access https://sdn.cdc.gov/
- Enter challenge phrase and click “Submit”

- If you cannot access SDN’s Public Health Partners Website, contact SDN at 1-800-532-9929
Welcome to the NHSN Landing Page

Select a facility and component, then click Submit to go to the Home Page.

User: CVX9
Select facility/group from dropdown list: Fac: Pleasant Valley Hospital (ID 10312)
Select facility within the above group: Pleasant Valley Hospital (10312)
Select component: Healthcare Personnel Safety

HCP Safety Monthly Reporting Plan Form

- Collects data on which modules and months the facility plans to participate

- Users should select “Influenza Vaccination Summary”
  - The plan is automatically updated with this information for the entire NHSN-defined influenza season (July 1 to June 30)
    - The user will not need to add any reporting plans after the initial plan has been added
Adding Monthly Reporting Plan in NHSN

- Click “Reporting Plan” then “Add”
- Select correct month and year from dropdown menus
- Check box next to “Influenza Vaccination Summary”
Monthly Reporting Plan

- Click “Save” when finished

Add Monthly Reporting Plan

Mandatory fields marked with *

- Facility ID*: Pleasant Valley Hospital (ID 10312)
- Month*: October
- Year*: 2012

- No NHSN Healthcare Personnel Safety Modules Followed this Month

Healthcare Personnel Exposure Modules
- Blood/Body Fluid Exposure Only
- Blood/Body Fluid Exposure with Exposure Management
- Influenza Exposure Management

Healthcare Personnel Vaccination Module

HCP Influenza Vaccination Summary Form

- Collects summary influenza vaccination counts among HCP

- HCP influenza summary reporting in NHSN consists of a single data entry screen per influenza season

- Each time a user enters updated data for a particular influenza season:
  - All previously entered data for that season will be overwritten
  - A new modified date will be auto-filled by the system
NHSN data entry screen mirrors the HCP Influenza Vaccination Summary Form

- **Denominator** (Question 1)
- **Numerator** (Questions 2-6)

Saving HCP Influenza Vaccination Summary Data

- A message confirming that data were saved should appear at the top of the screen.
Data Analysis Features for HCP
Influenza Vaccination Summary
Generating HCP Influenza Vaccination Summary Data

- Go to “Analysis” and select “Generate Data Sets”
- Click “Generate New”
- Select “OK” when webpage message appears on the screen
HCP Influenza Vaccination Summary Data Analysis: Output Options

- Go to “Analysis” and “Output Options”
- Click on the “HCW Vaccination Module,” “Influenza,” and “CDC Defined Output”
- Click on “Run” to view the default output
Totals are presented for each variable and for each season

The user can view the total number of employees, LIPs, adult students/trainees and volunteers, and other contract personnel working during the required time period
- This example shows that 400 employees worked during the required time period during the 2011/2012 influenza season
- 25 employees worked during the required time period during the 2012/2013 influenza season

Two overall totals are presented
- One number includes the total number of HCP working without other contract personnel (e.g., 420 HCP for the 2011-2012 influenza season)
- One number includes the total number of HCP working with other contract personnel (e.g., 427 HCP for the 2011-2012 influenza season)
HCP Influenza Vaccination Summary Data Analysis: Percentages

- Percentages are presented for each variable.

The highlighted example indicates:
- 50% of employees were vaccinated at this facility in 2011/2012
- 40% of employees were vaccinated at this facility in 2012/2013

The percentages in the highlighted example are created by:
- Dividing the number of employees vaccinated onsite by the number of employees working during the required time period.
- Multiplying by 100 to obtain a percentage.
Vaccination Compliance (excluding other contract personnel)

<table>
<thead>
<tr>
<th>orgID</th>
<th>summarySeason</th>
<th>totVaccHereEWNoCon</th>
<th>totWorkingNoCon</th>
<th>pctVaccHereEWNoCon</th>
</tr>
</thead>
<tbody>
<tr>
<td>10312</td>
<td>2011/2012</td>
<td>304</td>
<td>420</td>
<td>72%</td>
</tr>
<tr>
<td>10312</td>
<td>2012/2013</td>
<td>105</td>
<td>200</td>
<td>53%</td>
</tr>
</tbody>
</table>

The highlighted example for vaccination compliance indicates:
- 72% of HCP (excluding other contract personnel) were vaccinated in 2011/2012
- 53% of HCP (excluding other contract personnel) were vaccinated in 2012/2013

The percentages for vaccination compliance are created by:
- Adding the total number of HCP who were vaccinated onsite to the total number of HCP who were vaccinated elsewhere (excluding other contract personnel)
- Dividing the total number of HCP vaccinated (both onsite and elsewhere) by the total number of HCP working during the required time period (excluding other contract personnel)
- Multiplying by 100 to obtain a percentage
**HCP Influenza Vaccination Summary Data Analysis: Vaccination Non-Compliance**

**Vaccination Non-Compliance (excluding other contract personnel)**

<table>
<thead>
<tr>
<th>orgID</th>
<th>summarySeason</th>
<th>totDecUnkNoCon</th>
<th>totWorkingNoCon</th>
<th>pctDecUnkNoCon</th>
</tr>
</thead>
<tbody>
<tr>
<td>10312</td>
<td>2011/2012</td>
<td>113</td>
<td>420</td>
<td>27%</td>
</tr>
<tr>
<td>10312</td>
<td>2012/2013</td>
<td>70</td>
<td>200</td>
<td>35%</td>
</tr>
</tbody>
</table>

- **The highlighted example for vaccination non-compliance indicates:**
  - 27% of HCP (excluding other contract personnel) were not vaccinated in 2011/2012
  - 35% of HCP (excluding other contract personnel) were not vaccinated in 2012/2013

- **The percentages for vaccination non-compliance are created by:**
  - Adding the total number of HCP who declined vaccination to the total number of HCP with unknown vaccination status (excluding other contract personnel)
  - Dividing this number by the total number of HCP working during the required time period (excluding other contract personnel)
  - Multiplying by 100 to obtain a percentage
Modifying HCP Influenza Vaccination Summary Data

- To modify the default analysis output, users can click “Modify” next to the report they wish to modify.
- Can export dataset and change output title and format.
- Can use variable labels when viewing output.
Modifying HCP Influenza Vaccination Summary Data

- Can add/remove variables from output by clicking “Modify List” (e.g., can remove variables for other contract personnel)
- Use arrows to move variables
- Use “Up” and “Down” to change the display order of the variables
- Click “Save” when finished
The Advisory Committee on Immunization Practices (ACIP) recommends that all healthcare personnel (HCP) and persons in training for healthcare professions should be vaccinated annually against influenza. Persons who are infected with influenza virus, including those with subclinical infection, can transmit influenza virus to persons at higher risk for complications from influenza. Vaccination of HCP has been associated with reduced work absenteeism and with fewer deaths among nursing home patients and elderly hospitalized patients. Although annual vaccination is recommended for all HCP and is a high priority for reducing morbidity associated with influenza in healthcare settings, national survey data have demonstrated that vaccination coverage levels are only approximately 60% [2]. This is well below the Healthy People 2020 goal of 90% for HCP influenza vaccination [3].
